1 Occupational Health and Safety

1.1 Safety Policy

Purpose

This policy outlines the Shire of Shark Bay's commitment to continuously improve the occupational safety and health standards within the workplace, to continuously improve the occupational safety and health management systems and to reduce hazards and subsequent incidents in the workplace.

Detail

The Shire of Shark Bay is committed to managing occupational safety and health including the development and implementation of an Occupational Safety and Health Management System that complies with or exceeds legislative requirements including the Act, Regulations, Codes of Practice, Guidance Notes and Australian Standards.

The Shire of Shark Bay will ensure that all levels of employees, including senior management, employees, contractors and volunteers understand their roles and responsibilities in accordance with legislative requirements.

Objective

The employer aims to meet their objectives by:

- i. Providing and maintaining workplaces, plant, and systems of work such that, so far as is practicable, the employees are not exposed to hazards;
- ii. Providing such information, instruction, and training to, and supervision of, the employees to enable them to perform their work so they are not exposed to hazards:
- iii. Consulting and cooperating with employees at the workplace regarding occupational safety and health issues;
- iv. Providing employees with personal protective clothing and equipment to assist protect them against those hazards;

Employees, including contractors, volunteers and work experience students are obligated to meet their duty of care by:

- i. Taking care for his or her own safety and health and avoid adversely affecting the safety or health of any other person;
- ii. Complying with safety and health instructions given by the employer, including the direction to wear personal protective clothing or equipment;
- ii. Timely reporting of hazards, accidents (injuries) and incidents (near misses) in the workplace.

A safe and efficient place of work is our goal, and we must all be committed to reach this outcome.

1.2 Uniforms, Dress Code, & Hygiene at Work

Purpose

The type of clothing and standard of dress for the Shire's employees varies according to roles and safety requirements. This policy provides parameters regarding appropriate types of clothing, standards of dress and related matters.

Detail

The Shire is committed to presenting itself in a professional manner as well as maintaining a safe and healthy working environment for its employees. This policy aims to fulfil such a commitment by providing clarity in relation to personal clothing and hygiene standards. For the purposes of this policy the term "employee/s" shall extend to cover contractors, volunteers and any person performing work for or with the Shire in any capacity.

Compulsory Uniform/Protective Clothing

Unless otherwise authorised by the CEO or Works Supervisor, all Works staff must wear protective clothing and uniforms provided by the Shire.

Overall:

- Clothing shall be of a uniform colour and shall be embossed with the Shire crest or Name.
- The staff member is responsible for ensuring their uniform is kept clean and presentable. Any staff member who fails to wear the required uniform when presenting for duty shall be sent home to change and may not receive payment for the time they are not at work.
- o Uniforms shall be replaced if it is determined by the Works Supervisor that they are no longer suitable for use due to ordinary wear and tear.
- If a uniform is damaged the staff member may be entitled to a replacement. A staff member may not be entitled to a replacement if their uniform has been damaged due to neglect or misconduct, and will be responsible for the replacement cost of the uniform.
- Uniforms will remain the property of the Shire. Staff members who are ceasing work with the Shire must return their uniforms prior to the completion of their final working day.

Additional Requirements Relating to Protective Clothing

An employee may be instructed to wear protective clothing by an appropriate officer. Employees will be issued with protective clothing by the Shire. An employee must not modify, alter or change protective clothing under any circumstances unless they are directed to do so by an appropriate officer.

Provision of uniforms for other staff

Uniforms for other permanent full time and part time staff will be provided by the Shire to the extent provided for in the Shire's annual budget.

Wearing of Uniform out of Hours

Primarily uniforms are to be worn only during working hours and employees should take care to refrain from wearing uniforms outside of work. Employees must recognise that when wearing the uniform they are recognised as representing the Shire. Employees must

adhere to the Shire's Code of Conduct, policies and procedures if they are wearing the uniform outside of work.

An employee must refrain from consuming alcohol whilst wearing a Shire uniform unless alcohol consumption has been sanctioned by an appropriate officer. Employees who consume alcohol or act in an inappropriate manner whilst wearing a uniform may face disciplinary action.

Acceptable Standards of Dress

Other employees who are not required to wear uniforms must present for work in a professional manner and be suitably attired for their work activities. The standard for both men and women is smart business dress.

Smart business dress for work may include, tailored trousers, tailored skirts, collared business shirts, tailored shorts, tailored jackets, dresses, blouses, smart/business shoes, socks, appropriate underwear, belts and ties.

Smart business dress for work does not include; low cut or sheer tops, tops that expose the midriff, shorts that expose the buttocks, thongs, bare feet, singlets, faded jeans, frayed jeans, board shorts or other items of clothing or footwear deemed unsuitable by the CEO or an appropriate officer.

The following items may be acceptable provided they do not pose any possible hazard to health and safety at work or deviate significantly from the image required in the given work area.

- Clothing worn to comply with cultural or religious practices;
- Tattoos or body piercings; and
- Jewellery.

An Employee's hair should be neat and tidy and kept in a clean condition. Employees with long hair may be required to tie it back or wear a hair net at the request of an appropriate officer.

Casual Dress Days

On "casual dress" days, "smart casual" is the minimum required standard. Further guidance is available from the respective line manager.

Unacceptable Standards of Dress

The following items are unacceptable at the Shire:

- Clothing that contains messages or designs that may be offensive to others including but not limited to items of clothing which may be considered racist, sexist or derogatory.
- Body tattoos that contain messages or designs that may be offensive to others including but not limited to tattoo's which may be considered racist, sexist or derogatory.

Personal Hygiene

Employees are responsible for ensuring that they maintain good standards of personal hygiene whilst at the workplace. Clothes should be laundered to a reasonable standard and employees should be respectful of others and minimise strong body odour, perfumes and colognes when attending the workplace.

Where problems are identified in working arrangements or facilities or with the health and safety of the individual, these must be reported to a responsible person immediately. All matters relating to personal hygiene will be handled sympathetically and discreetly.

Consequences of Breaching This Policy

This policy constitutes a lawful instruction to all of the organisation's people and breaches may lead to disciplinary action or termination by the Shire. People who breach the policy may also be personally liable for their actions.

1.3 Smoke Free Workplace

<u>Purpose</u>

To ensure that staff are not adversely affected by smoking in the workplace.

Detail

The Shire of Shark Bay workplace is a non smoking area. All buildings and Shire provided accommodation are declared smoke free and all staff and members of the public shall refrain from smoking therein.

All Shire owned passenger type vehicles (ie station sedans, sedans, utilities, trucks, etc) are declared as smoke free and no personnel shall smoke or permit smoking in those vehicles whether alone or travelling with passengers.

If employees are housed in caravans for camping out purposes and the units are occupied by more than one person, no person shall smoke in the caravan.

2 Recruitment and Selection

2.1 Recruitment and Selection Policy

<u>Purpose</u>

This policy is designed to ensure that appropriate recruitment standards are maintained throughout the Shire and to provide a resource to assist managers to carry out the recruitment of employees and maximise the probability of successful recruitment and selection decisions.

Detail

Commitment

The Shire is committed to recruitment, selection, promotion, and other personnel decisions being fair, consistent and compliant with section 5.40 of the Local Government Act 1995. The Shire is committed to ensuring that the associated processes will be based on merit and expressed in terms of the selection criteria established

This policy covers all positions other than those of Chief Executive Officer and positions designated by the Local Governments "Senior Employee's" under the Local Government Act 1995. The recruitment and selection processes for the Chief Executive Officer and Senior Employees positions will comply with the relevant sections of the Local Government Act 1995 and the Local Government (Administration) Regulations 1996.

Recruitment

The Shire reserves the right to review the need for any position within its existing structure. A corporate approach will be taken to employee recruitment and selection and the process will be conducted in accordance with this policy and any associated Human Resources procedures.

The commencement of the recruitment process for any position must only occur after consideration has been given to the present and future corporate needs of the Shire. This may include investigating possible alternative staffing actions such as structural change and/or redistribution of duties to other positions.

All appointments, promotions and transfers will be based on relative ability, knowledge; skills and fit with the Shire's Core Values. This approach will ensure a uniform approach to recruitment throughout the Shire.

Authority to Commence Recruitment and Appointment of Employees

The recruitment process may not commence for any position unless the appropriate written authority has been provided by the CEO.

Payroll should be advised *in advance* of any person commencing paid employment or exiting the Shire.

Communication to Employees about Vacancies

Prior to any advertisement for a position being lodged, where deemed appropriate, all employees may be advised that a position is being advertised. Such communication should include the:

- Position title, location and salary;
- Contact person; and

Closing date.

Confidentiality of Information

All employees involved in the recruitment and selection process shall be bound by strict standards of confidentiality.

Achieving Equal Employment in the Workplace

The Local Government recognises its legal, moral, social and ethical obligations to actively promote and practice the principles of equal opportunity in all aspects of employment.

Selection & Appointment

In filling vacant positions, the selection process shall follow the appropriate Human Resource procedures in effect at the time. Officers participating in the selection decision must declare any associations they may have with applicants before shortlisting (or appointment, in the case of a single suitable applicant) commences. A vacant position may be filled through other means without any requirement for the Shire to advertise or re-advertise the vacancy.

Candidate selection methods may include, but are not limited to:

- Assessment of the CV against the advertised position description;
- Interviews:
- · Testing; and
- Referee reports.

Probation

Except where otherwise provided in this policy, appointments of more than six months shall require a probation period of at least three months, unless otherwise authorised by the CEO.

Where probation periods are to be applied, the employee may be given specific performance criteria that will be used to assess whether s/he has satisfied his/her probation requirement.

2.2 Medical Examinations

All permanent employees are required to agree to a medical examination by a Medical Practitioner upon appointment which will be paid for by the Shire of Shark Bay. Results will be confidential to the immediate Supervisor and the Chief Executive Officer. A copy will be retained in the employee's personal file and made available for the employee.

2.3 Probationary Period Guidelines

Policy

A probationary period will apply to all full-time, part-time, fixed-term, maximum-term and casual employees commencing employment with the Shire.

Detail

Notification upon Appointment

All Shire managers and senior employees will endeavour to adhere to the following guidelines when establishing a probationary period for an employee:

- The probationary period must be committed to writing at the outset of the employment relationship, so both the Shire and employees are clearly aware and informed of the probationary period. This may be in the form of a letter of offer, contract of employment, policy or enterprise agreement. The length of the probationary period will be determined after having regard to the nature of the position and the required time frame for assessment.
- A probationary period must be determined in advance and prior to appointment.
- The Shire will endeavour to notify the employee in writing of their probationary period and the discretion of the Shire to extend the probationary period, in either the letter of appointment or the contract of employment.

Termination of Employment during Probationary Period

An employee may be dismissed during a probationary period pursuant to their contract of employment. However, it is important that if an employee's employment is terminated, that:

- · the Shire outlines the reasons for termination; and
- the employee is given an opportunity to respond to the reasons for the termination of their employment.

Permanent Appoint to Position

Where it has been decided that an employee has performed satisfactorily in order to be granted ongoing employment, the following procedures shall be followed:

- the employee's permanent status will be confirmed in writing;
- the manager and employee will meet to discuss any performance issues, areas of improvement and areas of positive performance, and record these discussions in writing;
- any training needs of the employee will be identified and record these training needs in writing;
- the employee should be given the opportunity to provide feedback regarding the probationary process and the matters that were discussed during the probationary process
- Identify and explain areas within the Key Performance Indicators which require improvement.

Failure to complete a final probationary review within the set timeframe will not automatically result in an employee being permanently appointed to that position. If the final probationary review is not completed within the set timeframe, the employee on probation will be contacted as soon as practicable and informed that their probationary will be extended to allow for a final assessment to be conducted.

Extension to the Probationary Period

The Shire may decide to extend the probationary period beyond the initial probationary period rather than appoint the employee permanently. Any decision to extend the probationary period should take into account the factors outlined below:

- employee absence or change in management
- the employee's performance;
- the guidelines set out in the relevant award, letter of employment and/or contract of employment;

- the measures taken during the probationary period to discuss the deficiencies of the employee;
- the nature and seriousness of the deficiencies;
- the efforts by the employee to rectify any deficiencies;
- review of the employee's efforts to rectify their performance;
- Whether the nature of the work requires a longer probationary period in order to assess the employees capacity to perform the role;
- the employee's personal circumstances such as previous experience, knowledge, age, expectations and family responsibilities; and
- any other factor deemed relevant by the Shire.

The employee should be informed where the Shire decides to extend the probationary period and this extension should be confirmed in writing.

2.4 Reimbursement of Relocation Expenses

Purpose

To set out the circumstances under which the Shire will reimburse relocation expenses for employees moving to the Shire.

Detail

Reimbursement of relocation expenses may be negotiated by the CEO on a case by case basis.

Relocation expenses shall only include the cost of furniture removal and reasonable expenses involved in movement of the employee and immediate family. Agreement on reasonable expenses shall be agreed prior to relocation.

Where the Shire has agreed to reimburse relocation expenses:

- Half will be paid after completion of 12 months satisfactory service; and
- The balance paid after the completion of 24 months service.

The CEO may agree for the Shire to reimburse relocation costs at commencement of employment due to financial hardship. Where this occurs, the employee shall enter into a written agreement to pay back the full cost of relocation costs paid if employment is terminated before completion of twelve months service, and 50% of the relocation expenses if employment is terminated within 24 months of commencement.

2.5 Equal Opportunity Policy Statement

Purpose

The Shire recognises its legal obligations under the *Equal Opportunity Act 1984*, and will actively promote equal employment opportunity based solely on merit to ensure that discrimination does not occur on the grounds of gender, marital status, pregnancy, race, disability, religious or political convictions.

Detail

All employment training with the Shire will be directed towards providing equal opportunity to all employees provided their relevant experience, skills and ability meet the minimum requirements for such training.

All promotional policies and opportunities with the Shire will be directed towards providing equal opportunity to all employees provided their relevant experience, skills and ability meet the minimum requirements for such promotion.

All offers of employment within the Shire will be directed towards providing equal opportunity to all employees provided their relevant experience, skills and ability meet the minimum requirements for such engagement.

The Shire will not tolerate harassment within its workplace. Harassment is defined as any unwelcome, offensive action or remark concerning a person's race, colour, language, ethnicity, political or religious convictions, gender, marital status or disability.

The equal opportunity goals of the Shire are designed to provide an enjoyable, challenging, involving, harmonious work environment for all employees where each has the opportunity to progress to the extent of their ability.

3 Conditions of Employment and Leave

3.1 Annual, Long Service and Other Leave

Purpose

The purpose of this policy is to provide a consistent application of the leave provisions in the relevant industrial instrument by:

- Facilitating consistency throughout the Shire in administering the leave provisions for employees.
- Providing teams with information to effectively manage Leave entitlements of employees.
- Encouraging employees to take leave by reinforcing the positive benefits of taking leave when it becomes due.

Detail

This policy applies to all employees who are employed on a full time or part time basis, but does not apply to employees employed on a casual basis (apart from long service leave which apply to casuals).

Employees shall be entitled to Annual and Long Service Leave consistent with the provisions of the National Employment Standards and the applicable industrial instrument.

All employees should take annual leave and long service leave within one year from the date in which it is accrued unless it is postponed with the written permission of the Shire.

Under the provisions of the Local Government (Long Service Leave) Regulations:

"Where the commencement of long service leave has been postponed to meet the convenience of the employee beyond a period of six months, the rate of payment for or in lieu of that leave shall be at the rate applicable to the employee for ordinary time (excluding allowances) at the end of the period of 6 months unless otherwise agreed in writing between the Local Government and employee"

The manager or supervisor shall manage the taking of leave and maintain a leave roster ensuring that adequate coverage of functions is maintained. The Shire will endeavour to approve leave applications to meet the convenience of the employee, however the operational needs of the Shire must also be considered.

Leave application forms should be signed by the applicant and signed by the responsible Supervisor. All leave application forms need to be forwarded to payroll for action.

Employees should ensure that all Annual Leave applications are made for a period equal to or greater than one week where practicable as leave applications for lesser periods may be refused.

Leave Rosters

Supervisors are required to develop and maintain leave rosters that identifies proposed relief/coverage arrangements for all employees within their area of responsibility. Where relief is required, this is to be negotiated with the relevant Supervisor and if necessary recruitment is commenced through the CEO.

To encourage effective workforce planning, teams must monitor the leave roster to ensure that sufficient employees are available to cope with peak workload periods. It is therefore essential that supervisors regularly refer to the current operational and business plans to determine those peak periods.

Supervisors should regularly monitor the leave taken to ensure that the total accrued leave does not exceed this policy.

Approvals and Obligations

Leave applications forms are required to be completed and then to be submitted for approval to the relevant Supervisor. Leave applications will be considered in the context of needs of the employee, operational requirements and the team leave roster.

Supervisors must consider how the duties and responsibilities of the position will be delivered in the absence of the employee on leave.

After approval, leave forms are forwarded to payroll for processing.

It is the obligation of individual employees, in conjunction with the Supervisor, to determine whether there is a need to communicate their impending absence to other employees.

As a general rule Supervisors should advise all employees of their absence and what acting arrangements, if any, have been effected.

Annual Leave

Annual Leave is not to accrue beyond 6 weeks (228 hours) at any time except in cases in which extenuating circumstances preclude an employee from taking their leave.

To enable annual leave accruals to be monitored, a monthly report outlining all employees' leave accruals will be provided by the officer responsible for payroll to the Finance and Administration Manager.

Where it is proposed that an employee's leave accrual will exceed this 6 week limit, a written application for deferral will be submitted to the Chief Executive Officer for approval. This application must be submitted at least 2 months before the 6 week maximum accrual is reached. If such approval is not granted, the employee will be paid out the difference between their total accrued annual leave and the 6 week limit.

An employee may request to have leave paid in advance as long as the actual annual leave is 10 or more working days. There is no minimum amount of leave that can be applied for.

Upon completion of any stipulated probationary period, there is no requirement for an employee to wait until they have completed 12 months' continuous service before taking any accrued leave.

Rostered Days Off

Unless specifically approved by the Chief Executive Officer staff are not to accrue rostered days off in excess of two days.

Deferral of Long Service Leave

Employees must take long service leave within 6 months of it becoming due unless approval is given for it to be deferred. Employees must seek approval from the CEO to defer long service leave and in applying must:

clearly identify the amount of leave accrued;

- o at what date it will be cleared; and
- o why it has not been cleared.

Where the commencement of long service leave has been postponed to meet the convenience of the employee beyond a period of six months, the rate of payment for or in lieu of that leave shall be at the rate applicable to the employee for ordinary time (excluding allowances) at the end of the period of six months unless otherwise agreed in writing between the Shire and employee.

Paid Leave for Staff on Voluntary Service

The CEO may approve applications for leave for staff who are bona fide members of volunteer emergency service groups, such as Fire Brigade, State Emergency Services, Ambulance, etc, who are required for emergency service by those groups during working hours. If agreed, staff released will be paid for time absent from the work place up to the total of ordinary time usually worked during that day or the period of the emergency, but will not include time in excess of ordinary working hours, weekends or public holidays.

For the purpose of this policy, ordinary time shall be the time ordinarily worked including standard overtime arrangements.

Staff affected by this policy as members of voluntary service organisations should advise the groups that their services should be called upon as a matter of emergency only.

Defence Force Reserves Training

The Chief Executive Officer may approve applications for leave of absence (unpaid leave) for staff attending Defence Force Reserves training.

3.2 Employee Travel and Accommodation Policy

Purpose

The purpose of this policy is to establish clear guidelines for travel and accommodation arrangements for employees who are required to travel for Shire business.

Detail

- 1. This policy applies to all Shire employees including casual, temporary, permanent and contract staff and contractors engaged by the Shire.
- 2. Shire business means training, conferences, workshops, meetings and product or service launches.
- 3. Travel
- 3.1 All requests for travel within Western Australia and interstate must be submitted on the travel request form for consideration by the employee's Manager or the Chief Executive Officer. Travel must be approved prior to any travel and accommodation bookings being made.
- 4. General Conditions of Travel
 - 4.1 Upon approval of a travel request, travel and accommodation will be booked and payment arranged by the Administration Officer. Travel requests should be provided at least one week prior to travel to allow adequate time for the bookings to be made and to allow the Shire to take advantage of any discounts available.

4.2 If an employee wishes to combine travel on Shire business with personal travel a request to do so must be included on the travel request form. The request must include the time and dates of the personal travel. Travel allowances for meals and accommodation will commence and cease from the time that the employee would have started or ended the travel on Shire business.

5. Mode of Travel

5.1 Air Travel

In the interests of Occupational Health and Safety, insurance cover and productivity, employees are required to travel by aircraft by the shortest most practical route. Any travel in addition to that required for Shire business will be paid by the employee from personal funds.

Air travel will be booked as economy class on the most economical flight. The cost of any upgrade to business class shall be paid by the employee from personal funds.

5.2 Car Travel

A request to use a Shire vehicle for travel will require approval of the Manager and will be considered with regard to point 5.1 of this policy and the availability of Shire vehicles. If the request is approved, the employee will be issued with a fuel card for the purchase of fuel only.

5.3 Use of Private Vehicle

A request to use a private vehicle will require approval of the Manager and will be considered with regard to point 5.1 and 5.2 of this policy. If the request is approved, the employee will be paid the equivalent of a one way airfare from Denham to the destination by the most direct route available.

Request to use a private vehicle does not apply to employees on negotiated contracts.

5.4 Travel Time

Preference is for the employee to travel during work hours unless flights are unavailable. Time in Lieu (TIL) can only be accrued for travel time incurred outside of the employee's normal contracted hours of duty. Claims for Time in Lieu do not apply to employees on negotiated contracts.

6. Accommodation

6.1 Accommodation will be booked, where practicable, at premises in close proximity to the venue. Accommodation will represent value for money for the Shire and will include accommodation the night before and/or after the event, where necessary, because of travel, airline flights and event timetables.

7. Meals and Incidentals

7.1 The Shire will pay for reasonable costs of meals and incidentals. The Chief Executive Officer will have final determination of what is considered reasonable. The following guidelines will apply:

Meal	Travel Amount
Breakfast	Up to \$23.10
Lunch	Up to \$25.90
Dinner	Up to \$44.50

- 7.2 Expenses will be paid or reimbursed by the Shire and will include breakfasts, lunches and dinners not included in the event fees.
- 7.3 The cost of meals will be included in the purchase order for accommodation. When meals purchased are not included in a purchase order, the employee must request and retain tax invoices for reimbursement purposes.

8. Transport

- 8.1 The Shire will pay for taxi and public transport fares related to Shire business. The employee is to pay for the taxi and public transport fares and obtain receipts and seek reimbursement on completion of the travel. Taxi vouchers will be provided for employees without corporate credit cards.
- 8.2 The Shire will pay for economy class vehicle hire suitable for the purpose, petrol and parking fees, where the vehicle is required to meet operational requirements. Hire vehicles will be booked by the Administration Officer at the time of booking the travel and must be included on the travel request form.
- 9. Expenses Not Paid for by the Shire
 - 9.1 The Shire will not pay or reimburse the following:
 - a) mini bar expenses of any type;
 - b) private travel;
 - c) entertainment costs not associated with those scheduled as part of the event e.g. in house movies.
 - d) any expenses not related to Shire business.
 - 9.2 The Shire encourages responsible drinking behaviours and will therefore only pay for modest alcohol expenses associated with evening meals. The cost of alcohol is included in the travel amount guidelines in point 7.1.
 - 9.3 A partner or spouse may accompany an employee whilst on Shire business. Expenses incurred for an accompanying person will not be paid for by the Shire. Travel arrangements for an accompanying person are to be undertaken by the employee.

10. Reimbursement

10.1 All claims for reimbursement which are in accordance with this policy must be submitted to the employee's Manager with the required proof of purchase within one month after completion of travel. Payment of claims after this time will be at the discretion of the Chief Executive Officer.

3.3 Secondary and Other Employment

Purpose

The Shire recognises that its employee's may engage in secondary employment outside of their employment at the Shire. This policy aims to provide guidance on the disclosure, implications and limitations regarding 'secondary employment' in the context of perceived and actual conflicts of interest with the work conducted at the Shire.

For the purposes of this policy, secondary employment includes paid employment with another organisation, running a business, maintaining a professional practice or consultancy, contract work and being a director of an organisation. It may also include voluntary activities if those activities have the potential to affect employment with the Shire.

Detail

Commitment

The Shire will exercise the discretion to consent to an employee's application for secondary employment, unless the secondary employment will, or is likely to have an adverse impact on their employment with the Shire. In considering any such application, the Shire will have due regard to principles affecting employment under Section 5.40 of the *Local Government Act 1995*.

Requirement

An employee must not engage in secondary employment outside the service of the Shire without first informing the Chief Executive Officer. The Chief Executive Officer will review the nature of the secondary employment and provide the employee with an outcome. If the Chief Executive Officer elects not to give consent to secondary employment, the Chief Executive Officer must provide an explanation outlining any perceived or actual adverse impacts that secondary employment may have on their employment with the Shire.

Conflicts of Interest with the Shire

Secondary employment can lead to conflicts of interest and/or conflicts of duties. An employee must not use Shire time, resources, or information obtained from the Shire in the course of secondary employment, or otherwise take advantage of their position at the Shire for the benefit of their secondary employment.

An assessment of any secondary employment will be undertaken annually or more regularly if required in order to minimise risks including but not limited to:

- the creation of an actual or perceived conflict of interest between official and private business interests;
- misuse of Shire resources, especially telephones, email and office stationery and material;
- o unauthorised use of information and intellectual property;
- o absenteeism due to competing commitments;
- o diminished work performance resulting from tiredness, distraction or time pressures:
- increased load on co-workers who must 'cover' the reduced performance of one employee; and
- o adverse effects on the public's perception of the integrity of the Shire.

Responsibility of Employee

An employee must avoid and appropriately resolve any conflict or incompatibility between his or her private or personal interests and the impartial performance of his or her public or professional duties.

Employees with approval to engage in secondary employment have a duty to notify the CEO of any change in circumstances which might give rise to a conflict of interest, incompatibility with the Shire employment or any real or perceived adverse impact on their performance of professional duties.

Responsibility of Chief Executive Officer

The CEO may deny an application to engage in secondary employment where it presents a conflict with the employees Shire duties.

The CEO may make the termination of secondary employment a condition of commencement or continuation of employment with the Shire. Further, the CEO may place any necessary restrictions on secondary employment so as to not interfere with the position with the Shire.

An employee who engages or continues to engage in secondary employment after being informed that their application has been denied may be subject to disciplinary action. In some circumstance, the Shire may be obliged to notify an external agency, such as the Corruption and Crime Commission, if the secondary employment arrangement requires further investigation.

The Chief Executive Officer may delegate his/her authority to deal with all or any part of this policy and procedure to an appropriate Officer.

Voluntary & Community Organisations

Shire employees are encouraged to contribute to the community and be involved in voluntary and community organisations.

Within the context of this Policy, an employee is free to fully participate in voluntary and community organisations, charities and in professional associations. However, this must be in the employee's own time, except where permission is granted by the CEO for participation during work hours.

All involvement in voluntary and community organisations must be disclosed and approval sought from the CEO. This further extends to unpaid external work and work experience, including internships.

Appeals

If an employee who does not receive approval from the Shire to undertake secondary employment wishes to appeal the decision, they are entitled to make their appeal in writing to the CEO for reconsideration.

3.4 Personal / Carer's Leave Policy

Purpose

Personal/Carer's Leave is an employee entitlement which is contained within the National Employment Standards (NES). An employee is entitled to 10 days of personal/carer's leave every 12 months, which can be taken as carers leave if required and will accrue progressively during the year according to the employee's ordinary hours of work and accumulates from year to year.

Detail

An employee may take paid personal/carer's leave if the leave is taken:

(a) because the employee is not fit for work because of a personal illness, or personal injury, affecting the employee; or

- (b) to provide care or support to a member of the employee's immediate family, or a member of the employee's household, who requires care or support because of:
 - (i) a personal illness, or personal injury, affecting the member; or
 - (ii) an unexpected emergency affecting the member.

"Immediate Family" means:

- (a) a spouse, de facto partner, child, parent, grandparent, grandchild or sibling of the employee; or
- (b) a child, parent, grandparent, grandchild or sibling of a spouse or de facto partner of the employee.

An employee must give notice of the taking of any personal/carer's leave. The notice:

- (a) must be given to his/her manager as soon as practicable (which may be a time after the leave has started); and
- (b) must advise his/her manager of the period, or expected period, of the leave.

An employee may take two days of personal/carer's leave per year without providing a medical certificate certifying the need to take the leave. An employee will be required to provide a medical certificate if they have taken more than two periods of leave in a year.

The Shire of Shark Bay can ask an employee to give evidence to confirm why they have been away from work at any time. This includes even if an employee has only been off sick for 1 day.

An employee who has given his/her notice of the taking of leave, if required by the Shire of Shark Bay (at its discretion) or if the leave taken exceeds two days, must provide evidence such as a medical certificate that would satisfy a reasonable person that:

- (a) if it is paid personal/carer's leave—the leave is taken for a reason specified in section 97 (NES); or
- (b) if it is unpaid carer's leave—the leave is taken for a permissible occasion in circumstances specified in subsection 103(1) (NES); or
- (c) if it is compassionate leave—the leave is taken for a permissible occasion in circumstances specified in subsection 105(1) (NES).

An employee is not entitled to take leave unless he/she complies with this position.

4 Employee Conduct

4.1 Code of Conduct

The Shire has a Code of Conduct, prepared in accordance with s5.103 of the Local Government Act 1995. It is to be observed by council members, committee members and employees.

A copy of the Code is in Appendix 2.

4.2 Disciplinary Policy

Purpose

The Shire may from time to time consider that issues of employee behaviour, misconduct or unacceptable performance levels require disciplinary action.

Policy

Application

This policy applies to all employees who work at the Shire including contractors, volunteers and any person performing work for or with the Shire in any capacity.

Commitment

The Shire is committed to providing the best possible service and ensuring its employees perform and conduct themselves in accordance with Shire policies, procedures and guidelines (Policies). Any disciplinary procedure will be applied in a consistent, fair and objective manner, and it will ensure that, where reasonable, employees are given an opportunity and assistance to improve.

Authority to take Disciplinary Action

Disciplinary action may only be taken when authorised by the CEO, Works Supervisor or Executive Manager.

When the Disciplinary Policy Applies

Some examples of when this policy may be invoked include breaches of Shire policy and procedures including, but not limited to:

- Breaches of the Code of Conduct such as failing to disclose a conflict of interest, or accepting a prohibited gift;
- Poor performance such as frequently attending for work late or producing a poor quality or work; and
- Inappropriate personal behaviour such as theft, violating the Discrimination, Harassment and Bullying Policy, or wilfully disobeying a lawful instruction.

General Disciplinary Principles

The following principles will apply to any disciplinary action taken:

- Nature of allegation and investigation before formal disciplinary action is taken against an employee, the nature of the allegations made against an employee will be put to the employee and an investigation may ensue, in accordance with the Grievances, Investigations & Resolution Policy and Procedure.
- Right to a support person where an employee is required to attend a formal meeting regarding a disciplinary matter or procedure, the employee may be accompanied by a support person where practicable. The role of a support person is not to advocate on behalf of anyone, but to simply provide emotional or other support.

- Confidential all parties must keep matters related to a disciplinary process confidential.
- Fair and impartial the Shire strives to keep the disciplinary process fair and impartial, meaning that all parties involved will have an opportunity to put their case forward and be given an opportunity to respond.

Serious Misconduct

Serious misconduct pursuant to the Fair Work Regulations 2009 (Cth) includes, but is not limited to:

- wilful or deliberate behaviour by an employee that is inconsistent with the continuation of the contract of employment;
- conduct that causes serious and imminent risk to:
 - i. the health or safety of a person; or
 - ii. the reputation, viability or profitability of the [Local Government's] organisation;
 - iii. the employee, in the course of the employee's employment, engaging in:
 - theft; or
 - fraud; or
 - assault;
- the employee being intoxicated at work; or
- the employee refusing to carry out a lawful and reasonable instruction that is consistent with the employee's contract of employment.

If an employee engages in serious misconduct, disciplinary action that may be taken includes, but is not limited to, summary dismissal (termination of employment without notice).

Other Disciplinary Action

With the exception of serious misconduct, where an employee has engaged in an act or omission which is inconsistent with any of the Shire's Policies, the employee could be disciplined as follows:

- Verbal warning Where an employee engages in an act or omission which is inconsistent with the Policies, management has the discretion to issue the employee with a verbal warning. The verbal warning should be noted in a file note and placed on the employee's personnel file.
- Written warning If the employee engages in a more serious act or omission, or acts in a manner which is inconsistent with the Policies, management has the discretion to issue the employee with a written warning. The employee must be given a copy of the written warning.
- Termination of employment with notice In cases other than summary dismissal, an employee's employment may be terminated with notice or payment in lieu of notice provided the Shire has a valid reason for terminating the employee's employment and the employee has an opportunity to respond to the reasons for termination.

Whenever an employee is required to attend a meeting regarding a disciplinary issue, the employee may have a support person present where practicable. The type of disciplinary

action taken against an employee is at the Shire's discretion and the type of disciplinary action will depend on the seriousness and frequency of any misconduct or performance issue.

Principles to be applied

Where disciplinary action is taken, the principles of procedural fairness must prevail. These principles are expanded on in the Shire's Grievances, Investigations, and Resolutions Procedure.

Investigation Procedures for Alleged Misconduct

Investigations into alleged misconduct should follow the processes detailed in the Shire's Grievances, Investigations, and Resolutions Policy and Procedure.

Reporting Obligations

If an officer or employee of the Shire has reporting obligations pursuant to the *Corruption and Crime Commission Act 2003 (WA)* and suspects on reasonable grounds that a matter arises which concerns or may concern misconduct, the Corruption and Crime Commission must be notified of that matter as soon as reasonably practicable.

Employees must also be aware of and adhere to any obligations pursuant to the *Public Interest Disclosure Act 2003 (WA)*.

4.3 Discrimination, Harassment and Bullying

Purpose

The Shire and its employees are committed to providing a working environment where every employee is treated equally, fairly and without prejudice. For the purposes of this policy the term "employee/s" will extend to cover contractors, volunteers and any person performing work for or with the Shire in any capacity.

Detail

Unlawful Discrimination

An employee is directly discriminated against if they are treated less favourably than another person in the same or similar circumstance, because of any one of the grounds of discrimination outlined below. Indirect discrimination can occur where a practice or requirement is imposed upon all employees; however a high proportion of employees with an attribute cannot comply with, or are affected by, that practice or requirement. The Shire acknowledges its responsibilities and obligations pursuant to State and Federal equal opportunity and anti-discrimination laws.

The Shire and its employees acknowledge they are subject to State and Federal equal opportunity and anti-discrimination legislation. The following is a non-exhaustive list of the grounds of discrimination for which it is unlawful to discriminate against an individual:

- Age;
- Family responsibility or status;
- Race or colour;
- Sex including gender identity, sexual orientation and intersex status;
- Physical or mental disability;
- Marital status;
- Political or religious conviction;

- Pregnancy;
- Criminal record;
- Breastfeeding;
- Gender history;
- Impairment;
- · National extraction or social origin; and
- Trade union activity

Sexual Harassment

The Equal Opportunity Act 1984 (WA) and the Sex Discrimination Act 1984 (Cth) provide that it is unlawful to engage in sexual harassment. Sexual harassment can be defined as any unwelcome conduct of a sexual nature, such as an unwelcome sexual advance or an unwelcome request for sexual favours, in circumstances in which a reasonable person would anticipate that the person harassed would be offended, humiliated or intimidated.

Some examples of sexual harassment include, but are not limited to:

- Physical contact (touching, rubbing, patting, embracing, brushing up against etc.);
- Gestures of a sexual nature;
- Leering or staring;
- Offensive telephone calls, emails, text messages or notes;
- Sexual suggestive jokes or comments;
- Tales of sexual exploits;
- Repeated requests for a date;
- Unwelcome comments or questions about a person's sex life, appearance or dress;
- Sexually graphic material (poster, calendars, cartoons, graffiti, messages, emails).

Bullying

Bullying is defined as repeated and unreasonable behaviour directed towards an employee or a group of employees that creates a risk to health and safety. Unreasonable behaviour amounts to behaviour that a reasonable person in the circumstances would see as unreasonable including behaviour that is victimising, humiliating, intimidating or threatening.

Bullying is also unlawful under the Occupational Safety and Health Act 1984 (WA) and the Occupational Safety and Health Regulations 1996 (WA).

Some examples of bullying include, but are not limited to:

- Loud, abusive or offensive language or comments;
- Yelling and screaming;
- Unjustified criticism and insults;
- Unjustified threats of dismissal or other disciplinary action;
- Acts of sabotaging another's work by withholding information which is required to fulfil tasks;
- Spreading malicious rumours or misinformation;
- Inappropriate comments about an employee's appearance, lifestyle or family;

- Deliberately excluding an employee from workplace meetings or activities;
- Hiding documents or equipment or withholding vital information required for effective work performance;
- Constantly changing targets or work guidelines;
- Overloading an employee with work and impossible deadlines;
- Setting tasks that are unreasonably below or beyond an employee's level of skill;
- Threats of assault or violence or actual violence;
- Teasing and practical jokes; and
- Isolating or ignoring an employee on a constant basis.

Where an employee makes a threat of violence or assaults another employee, the police should be called.

Reasonable Management Action

The Shire has a right to take reasonable management action to direct the way in which work is conducted and to give employees lawful and reasonable directions to complete work in a certain manner. Reasonable management action is not workplace bullying.

Some examples of reasonable management action include, but are not limited to:

- The establishment and regular use of performance management systems;
- The setting of reasonable performance targets and deadlines;
- Providing employees with constructive feedback or counselling to assist workers to improve their work performance or the standard of their behaviour;
- Issuing a lawful and reasonable direction to an employee to complete a work task;
- Preparing and amending a roster for employees;
- Transferring an employee to a different work location for operational reasons;
- Implementing organisational change;
- Informing an employee about inappropriate behaviour in a confidential manner; and
- Taking disciplinary action against an employee.

Other Behaviours not considered to be Bullying

Where two or more employees have a difference of opinion and disagree on an issue, this is not usually considered to be workplace bullying. However, where conflict escalates and is repeated, it may meet the definition of workplace bullying.

Additionally bullying does not occur where bullying behaviour is a one off occurrence and if that behaviour does not create a risk to health or safety,

What are the Ways in which Bullying can Occur?

There are a variety of ways bullying behaviour can occur in the workplace such as verbally, through email or text message or via social media. Bullying can be directed at an individual employee or a group of employees, and can be carried out by one or more employees. Bullying can occur between employees, downwards from managers to employees or upwards from employees to supervisors or managers.

What to do if you think you are being Discriminated Against, Sexually Harassed or Bullied?

Refer to the Grievance Policy and Grievance Procedure for steps to take if you think you are being discriminated against, sexually harassed or bullied, or if you suspect another employee is experiencing any of those things.

Roles & Responsibilities

To ensure the intent of this policy is realised, various roles within the Shire must assume certain responsibilities.

The Shire will endeavour to:

- provide all workplace participants with a workplace free from discrimination, sexual harassment and bullying;
- provide and maintain safe systems of work;
- provide a fair and effective procedure to investigate and resolve complaints of sexual harassment, discrimination and bullying;
- treat all employees fairly; and
- take suitable disciplinary action against any employee who is found to have sexually harassed, discriminated, bullied or victimised another employee.

Employees are required to:

- report any incidents of sexual harassment, discrimination or bullying they may see happening around them to an appropriate manager or supervisor;
- follow all policies and procedures of the Shire;
- ensure they do not victimise any person making a complaint of sexual harassment, discrimination or bullying;
- treat all employees fairly and with respect.

Support

The Shire engages the services of an external Employee Assistance Provider who can provide employees with confidential counselling. Please see the CEO for details of the Employee Assistance Provider.

Consequences of Breaching This Policy

Any breach of this policy, may result in disciplinary action up to and including termination of employment.

4.4 Grievances, Investigations & Resolution Policy

Purpose

All employees have a right to express any genuine grievances or complaints via an impartial internal process. All employees involved in a grievance process are expected to participate in good faith.

Detail

For the purposes of this policy, the term "employee/s" will extend to cover contractors, volunteers and any person performing work for or with the Shire in any capacity.

Roles

Complainant – A person who raises a complaint about a matter regarding the workplace.

Respondent – An employee who is alleged to have acted in a manner which caused the complainant to raise a complaint.

Support Person – A complainant and a respondent may choose to bring a Support Person with them to a meeting, where practicable. The role of a Support Person is not to advocate on behalf of anyone, but to simply provide emotional support.

Witness – A person (including an employee) who is requested by the Shire to assist the process by providing relevant information regarding the complaint.

What to do if you have a Complaint?

If an employee (Complainant) is the victim of behaviour of another employee (Respondent) which is inconsistent with the Shire's policies, procedures or guidelines (Policies), the Complainant should, where reasonable or practicable, first approach the Respondent for an informal discussion. If the nature of the complaint is deemed to be sufficiently serious, the complainant should contact their Manager or the CEO directly.

If the inappropriate behaviour continues, the Complainant is encouraged to make a formal complaint to their direct manager. If the direct manager is the Respondent in the matter or if the employee feels uncomfortable approaching their manager, the Complainant should approach the CEO.

The employee who receives the complaint must contact the CEO and decide upon the most appropriate way to take the matter forward, whether it is an informal discussion with the Complainant and/or the Respondent, or the commencement of a formal investigation of the complaint.

Key Principles in the Complaint Resolution Process

The following principles are necessary for the fair investigation and resolution of a complaint:

- Confidential Only the employees directly investigating or addressing the complaint
 will have access to the information about the complaint. The Shire may inform or
 appoint a third party to investigate or advise on the investigation. All parties involved
 in dealing with a complaint are required to keep the matter confidential. Information
 will only be placed on an employee's personal file if they are disciplined as a result
 of the complaint.
- Impartial (fair/unbiased) Both parties will have an opportunity to put their case forward. No assumptions are made and no action will be taken until available and relevant information has been collected and considered.
- Sensitive The employees who assist in responding to complaints should be specifically trained or equipped to treat all complaints sensitively and ensure the process is free of coercion or intimidation.
- Timely The Shire aims to deal with all complaints as quickly as possible and in accordance with any legislative requirements.
- Documented All complaints and investigations must be documented. In formal grievance processes, records must be kept of all documents collected and/or drafted as part of that process. For more informal processes, a file note or note in a diary may be sufficient.
- Natural Justice The principles of natural justice provide that:

- an employee against whom allegations are made as part of a grievance process has the right to respond to the allegations before any determination is made:
- o an employee against whom an allegation is made has the right to be told (where possible and appropriate) who made the allegation;
- anyone involved in the investigation should be unbiased and declare any conflict of interest:
- decisions must be based on objective considerations and substantiated facts; and
- the complainant and the respondent have the right to have a support person present at any meetings where practicable.
- Procedural Fairness The principles of procedural fairness provide that:
 - the Respondent is advised of the details (as precisely and specifically as possible) of any allegations when reasonably practicable;
 - A Respondent is entitled to receive verbal or written communication from the Shire of the potential consequences of given forms of conduct, as applicable to the situation;
 - The Respondent is given an opportunity to respond to any allegations made against them by a Complainant;
 - Any mitigating circumstances presented to the Shire through the grievance process are investigated and considered;
 - the Respondent has the right to have an appropriate support person present during any inquiry or investigation process where practicable or necessary;
 - any witnesses who can reasonably be expected to help with any inquiry or investigation process should be interviewed; and
 - All interviews of witnesses are conducted separately and confidentially.

Outcome of Making a Complaint

If a complaint is substantiated, there are a number of possible outcomes. If the complaint involves a performance issue, the manager of the Respondent may commence a formal or informal performance management process with the Respondent or elect to discipline the Respondent in accordance with the Disciplinary Policy.

If the complaint involves a breach of a Policy or any other behaviour that is inconsistent with the employment relationship, the manager of the Respondent, in consultation with the CEO, may elect to discipline the Respondent in accordance with the Disciplinary Policy.

Vexatious or Malicious Complaints

Where an employee has deliberately made a vexatious or malicious complaint, that employee may be subject to disciplinary action, including but not limited to, termination of employment.

Victimisation of Complainant

A complainant must not be victimised by the Respondent or any other employee of the Shire for making a complaint. Anyone responsible for victimising a complainant may be subject to disciplinary action, including but not limited to, termination of employment.

4.5 Grievances, Investigations & Resolution Procedure

The following procedure, based on the principles outlined in the Grievances, Investigations & Resolution Policy, is to be used in the resolution of any complaint. A complaint should be dealt with internally in the first instance where reasonable and practicable. The aim of this procedure is to resolve the complaint as quickly and confidentially as possible.

First step - Self Resolution

A Complainant should attempt to resolve the issue directly with the person(s) concerned in the first instance. The Complainant should identify the specific conduct which has caused offence, explain the impact of that conduct on them, and request that the conduct stops. In some circumstances, the Respondent may be unaware that their behaviour offends the Complainant. These actions should be taken as soon as possible.

If the Complainant is not comfortable attempting to resolve the issue directly with the Respondent, if their attempts to resolve the issue are unsuccessful or if the issue is deemed sufficiently serious, the Complainant should seek guidance from Human Resources on the options available to the Complainant. The Complainant has the choice whether to proceed with their complaint at that stage and the complaint can be withdrawn at any stage. If a complaint is withdrawn and the Local Government deems that matter to be sufficiently serious, it may continue to investigate the complaint even if it has been withdrawn.

Informal Complaint Procedure

A complaint can be dealt with on an informal basis where:

- the allegations are not deemed sufficiently serious, for example interpersonal conflict or potentially amount to a minor breach of some Local Government policies, procedures and guidelines (Policies));
- the Complainant is reluctant to lodge a formal complaint; or
- the Complainant and the Respondent work together closely on a regular basis and the preservation of the employment relationship is paramount.

The informal complaint procedure may be approached as follows:

- The Complainant should approach their direct manager or in the alternative, the CEO, to outline their concerns, the desired outcome and any ideas for resolution of the complaint.
- 2. The Complainant's manager or the CEO will explain the various options open to the Complainant for the resolution of the complaint.
- 3. If the Complainant chooses to proceed with the complaint, the CEO can either:
 - a. arrange for a mediation between the Complainant and the Respondent; and/or
 - b. meet with the Complainant and the Respondent separately to discuss the issues and explore possible solutions; and/or
 - c. write to the Complainant and the Respondent to obtain further information about the complaint and to explore potential solutions.

If the matter is resolved to the satisfaction of all parties, the matter will be concluded. If the matter is not resolved, the manager and the CEO will determine whether any further action is required. All meetings with the Complainant and the Respondent should be documented and any correspondence between the parties should be retained on a confidential basis by the CEO.

Formal Complaint Procedure

A complaint should be dealt with through the formal complaint procedure where:

- it complaint involves sufficiently serious allegations, including but not limited to, sexual harassment, discrimination, criminal conduct, breaches of Local Government policies or breach of *the Local Government Act 1995 (WA)*;
- the complaint involves a particularly sensitive or personal matter; or

• a formal complaint procedure is deemed appropriate in the circumstances by the manager and the CEO.

Submitting a Formal Complaint

A formal complaint should be made in writing and include the following information:

- the Complainant's name and contact details;
- details of the specific incident or issue being complained about;
- if the complaint is about a person(s) (**Respondent**), the identity of the Respondent and their relationship to the Complainant;
- the names of any witnesses who were present during the specific incident or who have first-hand knowledge of the issue being complained about;
- · the outcome the Complainant is seeking; and
- any action that has already been taken in an effort to resolve the issue.

Preliminary Inquiry

Before commencing a formal investigation, the relevant Manager or CEO are able to conduct a preliminary inquiry if further information about the complaint is required to determine the level of seriousness involved. The purpose of a preliminary inquiry is to:

- obtain details about the complaint and assess the seriousness of the allegations:
- determine the level of factual dispute;
- assess whether there is sufficient evidence to proceed to a formal investigation; and
- determine whether the Local Government should proceed with an investigation or refer the matter to an external authority., It may be appropriate to refer a matter to an external authority where the alleged conduct is potentially of a criminal nature, potentially breaches the Local Government Act 1995 or may need to be dealt with by the Corruption and Crime Commission.

Full Investigation

If deemed necessary, the relevant Manager or CEO may require a formal investigation to be conducted. The CEO can elect to appoint a person from outside the Shire to conduct the formal investigation or an appropriate Shire employee may conduct the investigation.

The role of the Investigator is to collect information about the complaint and make findings about whether any allegations are able to be substantiated. The Investigator is responsible for ascertaining facts, reviewing documentation, interviewing parties and making a determination about whether any further action against the Respondent is warranted. The depth and scope of the investigation will depend on the nature of the complaint, however, as a general guide the following should be covered by the investigation report:

- the circumstances of any allegations made;
- a list of allegations made by the Complainant, the Respondent's response to the allegations and whether any of the allegations are substantiated;
- outline where any Policies or legislation have been breached;
- evidence stemming from the complaint include any documentation such as emails;
 letters and signed witness statements; and
- any mitigating circumstances that have been presented through the investigation on behalf of the Respondent.

Outcome and Action

The outcome of the investigation will dictate whether any disciplinary action may be warranted. Whether any disciplinary action is required will be at the discretion of the relevant manager in consultation with the CEO. Any disciplinary action will be taken in accordance with the Disciplinary Policy.

Substantiated Complaints and Potential Outcomes

Outlined below are some examples of actions that may be taken after a formal complaint is investigated and outcomes have been substantiated.

- apology from the Respondent to the Complainant (written or oral/verbal);
- agreement from the Respondent that the behaviour will not be repeated;
- a Respondent can be issued with a verbal or written warning;
- transfer, demotion or termination of the Respondent's employment;
- · counselling of the Complainant and/or Respondent;
- implementation of a training program; or
- · changes to the Shire's Policies.

Frivolous or Vexatious Complaint

If a complaint is found to be deliberately vexatious or malicious after an investigation, the employee making that complaint may be subject to disciplinary action, including but not limited to, termination of employment.

Other Resources

An investigation into a complaint may require the Shire to utilise resources from outside the organisation to help resolve the situation, including:

- an Employee Assistance Program (EAP);
- use of an independent investigator; or
- use of an independent mediator.

4.6 Use of Shire Vehicles, Using Private Vehicles for Work Purposes.

Purpose

An employee may be required to operate a motor vehicle as part of their employment. Employees may be given a motor vehicle in the following circumstances:

- where an employee is required to drive a Shire vehicle during work hours;
- where an employee is provided with a Shire vehicle which may be used during work hours, and for personal use outside of work hours;
- where an employee is permitted to use their own private vehicle for work purposes.

<u>Detail</u>

Acquisition Priorities

There are three important priorities that underpin the acquisition of Shire vehicles:

 Operational need – Vehicles that have specific equipment which renders them unsuitable for general commuting use are required for certain positions (for example, Rangers' vehicles). Employees who are regularly on call to attend

incidents or work outside of normal business hours that require specialised equipment may be allocated custody of an appropriate vehicle, at the discretion of the CEO.

- 2. Negotiated remunerative entitlement vehicles that are acquired or included specifically to form part of an employment entitlement for certain employees, at the discretion of, and as approved by, the CEO.
- 3. Vehicle pool Vehicles for general passenger use by employees during normal business hours, as a means for travelling between points on necessary Shire. business.

Private Use of Shire Vehicles

No employee has an entitlement to be allocated a vehicle unless specifically stated in their employment contract. Further, the allocation and/or exclusive use of a [Shire] vehicle, or any specific vehicle type, is not to be considered part of an employee's remuneration package unless specifically stated in their employment contract.

Leave

Unless approved by the CEO, or provided for in an employment contract, all Shire vehicles are to be returned by the employee to the Shire during periods of leave or absence. This is a requirement when an employee takes more than three consecutive days of annual; personal/carers leave; long service, unpaid leave, time in lieu or is absent on workers compensation for more than three consecutive days.

Delegation of Authority

The following paragraph outlines the level of responsibility and authority for employees once vehicles have been acquired.

The Works Supervisor and Executive Managers have authority and responsibility for: the operation and use of the relevant division vehicles during business hours in respect of the following;

- implementing and administering this policy;
- ensuring all vehicles within their respective areas of responsibility (that are not allocated for exclusive use) are made available for pool use during normal working hours. While vehicles allocated to staff for exclusive use are not considered part of the Vehicle Pool, they still need to be made available to other staff during working hours when requested and if the vehicle is not already in use;
- ensuring that their supervisor, Executive Manager or the CEO is advised each time an accident involving a Shire vehicle occurs; and
- where applicable, allocating excess pool vehicles on a temporary basis to relieving officers such as when an employee takes a period of leave and returns their vehicle to the pool during the period of absence.

The CEO is authorised and has the discretion to grant short term usage of Shire vehicles to employees in extraordinary circumstances.

Private use Agreement

Employees who are allocated vehicles for private use in accordance with this policy are required to sign an agreement setting out the conditions of use of the vehicle.

Taxation Implications

Fringe Benefits Taxation (FBT) legislation imposes a responsibility on the employer to pay tax on the imputed tax benefit of an official vehicle used for private purposes. Pursuant to the FBT

legislation, the Shire accepts the direct FBT liability, which may be recouped by the Shire dependent on Shire policy or practice.

Maintenance, Responsibilities and Restrictions regarding Vehicle Use
The following outlines the restrictions and maintenance responsibilities applying to employees who use a Shire vehicle:

All employees in command of Shire vehicles during or after work hours are responsible for:

- keeping the vehicle clean and tidy and re-fuelled when necessary;
- examining the vehicle prior to use for damage and the operation of lights;
- recording the odometer reading prior to the commencement of travel and at the end of the journey in the vehicle log books provided.
- reporting any damage to the Works Supervisor or Executive Manager as soon as possible to enable prompt repair in accordance with the manufacturer's schedule;
- completing an accident/incident report form whenever the vehicle is damaged or involved in any accident;
- ensuring the security of the vehicle when under the employee's control, including the use of any security device provided with the vehicle;
- paying fines for traffic and parking infringements incurred during the period of use of the vehicle:
- complying with all legal and insurance requirements if involved in an accident, including obtaining particulars of the parties involved and notifying the Police and their supervisor, Executive Manager or the CEO of the accident.
- reporting immediately any theft or damage, however slight, to their supervisor, Executive Manager or the CEO, with a view to the vehicle being repaired at the earliest opportunity;
- ensuring the passenger and load limits of the vehicle are not exceeded at any time;
- driving the vehicle in a responsible manner including when the vehicle is being used outside of business hours for personal use;
- ensuring that no driver or passenger consumes any alcohol or drugs (including tobacco)
 in the vehicle at any time, and that the driver is not unlawfully impaired by illicit
 substances or alcohol while in command of the vehicle;
- ensuring the driver of the vehicle has a current, valid and non-probationary driver's license which entitles the person to legally drive vehicles within Western Australia;
- In addition to the above, employees who are allocated custody of a Shire vehicle for private use are responsible for:
 - o conducting all regular driver-checks as specified in the vehicle's "owner's manual" or equivalent;
 - making the vehicle available to the Shire during periods of absence when there
 is no entitlement to use the vehicle under the relevant contract or when the
 vehicle cannot be used due to interstate or overseas travel;
 - o making sure the vehicle is available for general Shire use during working hours;
 - ensuring that no other person, other than the employee's nominee (being one other member of the employee's household) drives the vehicle for private purposes. The nominee must be approved by the CEO, Works Supervisor or Executive Manager. Both the employee and the nominee must hold a current, valid and non-probationary WA driver's licence (or equivalent) and be eligible to drive the car;
 - ensuring the vehicle is regularly serviced and maintained according to the manufacturer's recommended specifications;
 - making arrangements for off-street parking at home, wherever practicable, ensuring the vehicle is always locked and taking any reasonable security precautions

- during official use, parking the vehicle at a location convenient to the needs of the Shire and the vehicle being available for pool use; and
- o ensuring the vehicle is cleaned on a regular basis.

Vehicle Fittings

Where the vehicle has been fitted with a first aid kit, it is the responsibility of the driver to ensure that the kit is adequately stocked at all times or replacement stock is ordered when used. Approval from the CEO or Works Supervisor must be obtained prior to the fitting of optional equipment and operational accessories.

The Shire may fit its vehicle fleet with GPS tracking devices when there is a need to monitor and protect that vehicle.

Insurance

All vehicles will be comprehensively insured by the Shire.

Vehicle accident

If an employee has an accident in a Shire vehicle, it must be reported to the employee's manager and the CEO as soon as possible. If the Shire's insurance provider determines the employee was at fault for the accident, the employee may be required to pay the applicable excess for the claim..

An employee may be required to pay the cost for damage caused to the vehicle, which is not recoverable under the Shire's vehicle insurance provisions.

Termination or Suspension of Eligibility

Eligibility for private use of a vehicle may be suspended or terminated at the discretion of the CEO:

- if the employee is convicted of a serious driving offence;
- if the employee is judged to have incurred excessive insurance claims;
- if the employee has not maintained the vehicle in a suitable manner;
- if the employee has breached any of the terms and conditions of this policy; or
- for any other reason.

Loss of Driver's Licence

If an employee loses their driver's licence or is placed on a provisional licence the employee must notify their supervisor/manager as soon as possible.

Where an employee is placed on a provisional licence, the CEO retains the discretion to decide whether the employee will be allowed to drive a Shire vehicle. If approval is granted, the employee is responsible for ensuring any required plates (such as 'E', red or green 'P', etc) are displayed.

An employee who has lost their licence must not operate any Shire vehicle. Any employee who operates a vehicle without a current and valid driver's licence will face disciplinary action.

The Shire may take action against an employee where they have lost their drivers licence and the need to maintain a drivers licence is a requirement of their employment position. This may include possible termination of employment.

5 Records Management

5.1 Recordkeeping Plan

Refer page 41 of this document for Appendix 3.

6 Use of Shire ICT Systems

6.1 Social Media

Purpose

The Shire understands the requirement to provide a framework for using social networking sites, including clarity on appropriate conduct, and emphasizes the need for its employees to use good judgement about what appears and its context within these social media venues/spaces.

The objective of this policy is to ensure all the organisation's employees are aware of appropriate professional and personal social media conduct to ensure the greatest benefit to the Shire.

This policy applies to all employees and contractors (whether paid or unpaid) at the Shire who access social media for professional or social purposes whether via personal devices or those supplied by the Shire.

Detail

'Social Media' means forms of electronic communication (e.g. Web sites for social networking and microblogging) through which users create online communities to share information, ideas, personal messages, and other content (e.g. videos). Some examples include (but are not restricted to) Facebook, Pinterest, LinkedIn, Twitter, YouTube, and Foursquare.

Social Media Use for Shire Purposes

The Shire may direct specified employees to use social media for Shire purposes.

Only employees with appropriate training and knowledge who are expressly authorised by the CEO may use social media for Shire purposes.

If a person is provided with express permission by the CEO to use social media s/he must provide information that is truthful, accurate and in the interests of the Shire. S/he must not disclose anything that is financial or technical information, commercially sensitive information, personal information about employees, or any information about customers, suppliers or members of the general public.

Employees who are required to use social media in the course of their work must:

- Use spell check and proof read each post;
- Understand the context before entering any conversation;
- Know the facts and verify the sources;
- Be respectful of all individuals and communities with which the person interacts with online.
- Be polite and respectful of other opinions
- Seek to conform to the cultural and behavioural norms of the social media platform being used;
- If a mistake is made, the person must correct it quickly by disclosing it was a mistake (including the particulars of the correction) and inform his/her supervisor; and
- Understand and comply with any directions given by the CEO on topics that are not to be discussed for confidential, operational or legal reasons.

A person required to use social media who has been trained and given express permission by the CEO should always be aware that the Shire may be liable for any posts made. Accordingly s/he should always seek guidance from his/her supervisor or the CEO if s/he is ever unsure about stating or responding to something on a social media site.

Personal/Private Use of the Shire's Corporate Sites

An employee cannot comment on behalf of the Shire unless expressly authorised by the CEO. If the person wishes to broadcast something (either as an initial broadcast or a response) then a request to the CEO (or his/her authorised delegate) must be made.

An employee of the Shire is able to share links that the Shire has posted on the social media sites, or submitting a "like" action, or comment on an event, initiative and/or program, provided that it is in the best interests of the Shire.

Personal/Private Use of Non-Shire Sites

Employees at the Shire are permitted reasonable use of social media for personal/private purposes on the condition that it does not interfere with the performance of their work.

Employees who use social media for personal/private purposes must not infer or state they are speaking on behalf of the Shire and are reminded that any inappropriate postings or actions carried out on social media may result in disciplinary action.

Consequences of Breaching this Policy

The policy constitutes a lawful instruction to all of the organisation's people, and breaches may lead to disciplinary action or termination by the Shire, or referral to appropriate external authorities where applicable. People who breach the policy may also be personally liable for their actions.

6.2 Information Communication Technology Use Policy

<u>Purpose</u>

Effective security is a team effort involving the participation and support of every Shire employee who deals with information and/or information systems and devices. Every digital device user must understand this policy and carry out their use of digital devices in accordance with this policy. For the purposes of this policy the term "employee/s" shall extend to cover contractors, volunteers and any person performing work for or with the Shire in any capacity.

Detail

General Use of ICT Equipment

While the Shire's network administration desires to provide a reasonable level of privacy, users should be aware that the data they create on the corporate systems remain the property of the Shire. Because of the need to protect Shire's network, the confidentiality of personal (non-work-related) information stored on any network device belonging to Shire cannot be guaranteed.

A degree of personal use is allowed on the Shire's equipment/devices/systems. Employees should exercise conservative judgment regarding the reasonableness of personal use but should be guided by the following principles:

 Personal use should be conducted either before or after contracted hours of work or authorised breaks;

- Personal use should be limited and brief, avoiding excessive download or transmission. An example of acceptable personal use would be conducting brief transactions through internet banking;
- Personal use should not breach anything in this policy, particularly relating to the downloading of offensive or copyrighted materials;
- Managers will determine the specific acceptable personal use for their respective business areas as this will differ according to the needs of each group; and
- If there is any uncertainty regarding acceptable personal use then employees should consult their supervisor or manager for guidance.

For security and network maintenance purposes, authorised individuals within the Shire may monitor equipment, systems and network traffic at any time, according to the specific nature and requirements of their roles.

The Shire reserves the right to audit networks and systems on a periodic basis to ensure system integrity and compliance with this policy.

All emails sent by Shire staff should include the 'signature' and disclaimer at the foot of the body of the email, in the format specified by the CEO.

Security and Proprietary Information

All information stored on the Shire's corporate systems should be regarded as confidential and care must be exercised before sharing or distributing any information. If there is any uncertainty regarding the level of confidentiality involved then employees should consult their supervisor or manager for guidance.

Passwords should be kept secure and accounts must not be shared. Authorised users are responsible for the security of their passwords and accounts. Passwords should be changed regularly.

All devices connected to the Shire's computing systems/networks, regardless of ownership, must be running approved and up to date virus-scanning software.

People must use caution when opening files received from unknown senders.

Unacceptable Use

The information in this policy provides a framework for activities which fall into the category of unacceptable use, but do not represent an exhaustive list. Some users are exempted from these restrictions during the course of carrying out responsibilities related to their role Under no circumstances is any user authorised to engage in any activity that is illegal under local, state, federal or international law while connected to or utilising Shire ICT systems or resources.

System and Network Activities

The following activities are not permitted:

- Violations of the rights of any person or company/organisation protected by copyright, trade secret, patent or other intellectual property, or similar laws or regulations, including, but not limited to, the duplication, installation or distribution of "pirated" or other software products that are not appropriately licensed for use by the Shire or the end user.
- Unauthorised copying or digitising of copyrighted material and the installation of any copyrighted software for which the Shire or the end user does not have an active license.

- Exporting software, technical information, encryption software or technology, in violation of international or regional export control laws. The CEO or appropriate Executive Manager should be consulted prior to export of any material where status is in unclear;
- Introduction of malicious programs or code into the network or onto devices connected to the network:
- Revealing an account password to others or allowing use of an employee's account by others.
- The Shire's equipment is not be used for the downloading or distribution of any material that could be considered as offensive. If a user receives such material they should notify their manager.
- Making fraudulent offers of products, items, or services, or running private business interests via any Shire equipment, device or account.
- Undertaking private work.
- The following activities are not permitted unless they are within the scope of regular responsibilities for an expressly authorised role/position:
- Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the user is not an intended recipient or logging into a server or account that the user is not expressly authorised to access;
- Executing any form of network monitoring which will intercept data not intended for the user's host;
- Attempting to avoid or bypass Shire's network security measures;
- Interfering with any other user's account, by whatever means; and
- Using the system in a way that could damage or affect the performance of the network in any way.

Email and Communications Activities

The following activities are not permitted:

- Except in the course of normal business notifications, sending or forwarding unsolicited electronic messages, including the sending of "junk mail" or other advertising material, jokes, or chain communication to individuals who did not specifically request such material;
- Any form of harassment via electronic/ICT means;
- Unauthorised use, or forging, of email header information;
- Solicitation of communication for any other electronic address, other than that of the poster's account, with the intent to harass or to collect replies;
- Creating or forwarding "chain letters" or "pyramid" schemes of any type;
- Use of any of the Shire's network or systems for the purpose of generating unsolicited communications;
- Providing information about, or lists of the Shire's employees to parties outside the organization or to personal email addresses;

- Communicating in a manner that could adversely affect the reputation or public image of the Shire; and
- Communicating in a manner that could be construed as making statements or representations on behalf of the Shire without the Shire's express permission to do so; and
- Users should also endeavour to clean out their Inbox, Sent Items, Deleted Items and other email boxes on a regular basis, by either deletion or saving in the central record system. A size limit per mailbox may be implemented to ensure that the system is functioning optimally.

Remote Access

Users with remote access should be reminded that, when they are connected to the Shire's network, their machines are an extension of that network, and as such are subject to the same rules and regulations that apply to the Shire's corporate equipment and systems. That is, their machines need to connect and communicate reliably with the Shire's network and servers to ensure the security and integrity of data and records.

Users are reminded of the following conditions relating to remote access to the Shire's system:

- Family members must not violate any of the Shire's policies, perform illegal activities, or use the access for outside business interests;
- The device that is connected remotely to the Shire's corporate network should be secure from access by external non-Shire parties and should be under the complete control of the user;
- The use of non-Shire email accounts (e.g. Yahoo, Hotmail, Gmail etc.) or other external resources is not permitted for the conduct of Shire business, thereby ensuring official business is not confused with personal business; and
- All devices (whether personal or corporate) connected to the Shire's networks via remote access technologies should have up-to-date anti-malicious-code software.

Provision and Use of Mobile Phones and Information/ Communication Devices

Some employees will be supplied with a mobile phone and/or other mobile computing device if it is deemed necessary to their position. All mobile/portable devices supplied remain the property of the Shire and users must not change service providers unless permitted to do so.

Where a mobile phone or device provides an email service, all emails sent or received or otherwise processed via the mobile device that are classified as a record of the Shire should be through the Shire's server, to ensure the integrity of the recordkeeping system.

Where the device includes a digital camera, users are to use the technology in a sensible manner. A failure to do so may lead to disciplinary action including possible termination of employment. Employees may also be held criminally liable for their actions.

It is unlawful for drivers to operate a mobile phone and/or other mobile computing device whilst driving. Phone calls may otherwise be made or received providing the device is accessible while mounted/fixed to the vehicle or does not need to be touched by the user. An employee who operates a mobile phone and/or other mobile computing device whilst driving may face disciplinary action including possible termination of employment. Employees may also be held criminally liable for their actions.

Consequences of Breaching This Policy

Any user found to have breached this policy may be subject to disciplinary action including possible termination of employment. The Shire may also be obligated to refer any breach of this policy to an external agency where an employee may be held criminally liable for their actions.

Private/personal or unauthorised use of corporate ICT systems and/or devices may result in the user being obligated to pay any extra costs incurred.

7 Governance

7.1 Compliance Management Policy

Purpose

The purpose of this policy is to provide a framework that supports the Shire in identifying, applying and monitoring compliance requirements across the Shire's activities and services.

Policy Statement

The Shire commits to developing and maintaining work processes that support the administration and Elected Members in meeting and maintaining a regime of compliance in accordance with legislation, codes and standards and policies.

Detail

Compliance is supported and managed through convergence with the following Shire of Shark Bay management plans.

The Chief Executive Officer, employees and Elected Members recognise their individual responsibilities to work cooperatively and proactively within this framework to achieve compliance with:

- Statutory Requirements;
- Industry Codes and Standards; and
- Organisational Standards (Policies and procedures)

All parties must monitor activities, seek out relevant information and report proposals for improvements where non-compliance occurs in order to achieve and maintain a positive culture of compliance.

Fair, consistent and effective approaches are used in the application of the Shire's compliance management. Non-compliance is managed in graduated measures in accordance with Council's Code of Conduct.

Compliance management is an agenda item on the executive management team meetings and managers will report on areas of non-compliance and improvements to be undertaken as part of this process.

Corporate compliance reporting to the executive management team is undertaken on a six monthly basis through the Executive Assistant position and reported to the Audit Committee and Council on an annual basis in accordance with the Local Government Act 1995.

The Shire will undertake the compliance audit in accordance Regulation 17 of the Local Government (Audit) Regulations 1996 every two years and the improvement plan from that report will be used to provide continuous improvement in compliance management.

Introduction

This document is presented to the State Records Commission in accordance with Section 28 of the *State Records Act 2000* (the Act). Section 28 (5) of that Act requires that no more than 5 years must elapse between approval of a government organisation's Recordkeeping Plan and a review of it.

State Records Commission (SRC) Standard 1 – *Government Recordkeeping* requires that government organisations ensure that records are created, managed and maintained over time and disposed of in accordance with principles and standards issued by the State Records Commission. State Records Commission Standard 2 – *Recordkeeping Plans* comprises six Recordkeeping principles each of which contains minimum compliance requirements.

Purpose

The purpose of this Recordkeeping Plan (RKP) is to set out the minimum requirements as to which records are to be created by the Shire of Shark Bay and how it is to keep its records. The Recordkeeping Plan is to provide an accurate reflection of the recordkeeping program within the organisation, including information regarding the organisation's recordkeeping system(s), disposal arrangements, policies, practices and processes. The Recordkeeping Plan is the primary means of providing evidence of compliance with the Act and the implementation of best practice recordkeeping within the organisation.

Objectives

The objectives of the Shire of Shark Bay Recordkeeping Plan are to ensure:

- Compliance with Section 28 of the State Records Act 2000;
- Recordkeeping within the Shire of Shark Bay is moving towards compliance with State Records Commission Standards and Records Management Standard AS ISO 15489;
- Processes are in place to facilitate the complete and accurate record of business transactions and decisions;
- Recorded information can be retrieved quickly, accurately and cheaply when required; and the
- Protection and preservation of the Shire of Shark Bay's records.

Scope

In accordance with Section 17 of the Act, the Shire of Shark Bay and all its employees are required to comply with the contents of this Plan.

This Recordkeeping Plan applies to all of the Shire of Shark Bay's:

- Employees;
- Contractors;
- Organisations performing outsourced services on behalf of the Shire of Shark Bay; and
- Elected Members.

NOTE: The policy approach of the State Records Commission in monitoring the recordkeeping obligations in respect to Local Government elected members is:

"In relation to the recordkeeping requirements of Local Government elected members, records must be created and kept which properly and adequately record the performance of member functions arising from their participation in the decision making processes of Council and Committees of Council. This requirement should be met through the creation and retention of records of meetings of Council and Committees of Council of Local Government.

Activities or transactions which stem from the performance of other roles by Local Government elected members that are not directly relevant to the decision making processes of Council or Committees of Council are not subject to mandatory recordkeeping requirements. Accordingly, the creation and retention of records relating to these activities or transactions is at the discretion of the Local Government."

Local Governments are to address the management of elected member's government records in accordance with this policy, in their Recordkeeping Plans.

This Recordkeeping Plan applies to all records created or received by any of the above parties, regardless of:

- Physical format;
- · Storage location; or
- Date created.

For the purposes of this Recordkeeping Plan, a record is defined as meaning "any record of information however recorded" and includes:

- (a) any thing on which there is writing or Braille;
- (b) a map, plan, diagram or graph;
- (c) a drawing, pictorial or graphic work, or photograph;
- (d) any thing on which there are figures marks, perforations, or symbols, having meaning for persons qualified to interpret them;
- (e) any thing from which images, sounds, or writings can be reproduced with or without the aid of anything else; and
- (f) Anything on which information has been stored or recorded, either mechanically, magnetically, or electronically."
 (State Records Act, 2000)

Principle One: Proper and Adequate Records

Principle: Government organisations ensure that records are created and kept which properly and adequately record the performance of the organisation's

functions and which are consistent with any written law to which the organization is subject when performing its functions.

1.1 Historical Background

The Shire of Shark Bay which was established on 14 March 1904, is made up of two peninsulas on the western most point of Australia, 1,500km of coastline, together with some 25,000km² of Hinterland. The Bay itself covers an area of approximately 8,000km² with an average water depth of 10m. A quarter of this area has an average depth of less than 1m.

The town of Denham, the main settlement within the Shire, is some 833km from Perth, 405km from Geraldton, 330km from Carnarvon and 129km from the Overlander turn-off on the North West Coastal Highway. Denham has a permanent population of around 636 people.

Shark Bay is a thriving community with tourism, fishing, pastoral, pearl and salt production as the main industries. Outside Denham, settlements also exist at Monkey Mia, Nanga, Overlander and Billabong. Useless Loop is a "closed" mining town located 250km from Denham by road or 25km across the bay.

The Shire is made up of three wards – Denham, Useless Loop and Pastoral.

1.2 Strategic Focus & Main Business Activity

Vision

Shark Bay is a proud united community, respecting and sharing our pristine environment and celebrating our great lifestyle.

1.3 Functions, including those outsourced

The Shire of Shark Bay is constituted under section 2.5 of the *Local Government Act 1995* and provides for the good governance of the district.

The Shire of Shark Bay provides for the good governance of the community in its district, including legislative and executive functions. The services of the Shire of Shark Bay are available to all customers, free from any form of discrimination. The functions and activities of the Shire of Shark Bay (including those contracted out to other organisations) are outlined in Appendix 1.

1.4 Major Stakeholders

The Shire of Shark Bay recognises employees, residents, ratepayers, the general public and Elected Members as its major stakeholders.

The Shire of Shark Bay recognises and supports activities of those groups that also provide services to residents, including community groups, the business community and State and Federal Government agencies.

Some of the major stakeholders that have been identified include:

- Gascoyne Development Commission
- Department of Fisheries
- Shark Bay Chamber of Commerce
- Department of Environment and Conservation

1.5 Enabling Legislation

The Shire of Shark Bay is constituted as a district under Part 2 of the *Local Government Act 1995*. The general function of a Local Government under section 3.1 of the Act is to provide for the good government of persons in its districts. The general function of a Local Government under the Act includes legislative and executive responsibilities.

Using its legislative powers under section 3.5 of the Act, a Local Government may make local laws prescribing all matters that are required or permitted to be prescribed by local law, or are necessary or convenient to be so prescribed for it to perform any of its functions under the *Local Government Act 1995*.

The Local Government's executive powers under section 3.18 of the Act, involves administering its local laws and doing other things that are necessary or convenient to be done for, or in connection with, performing its functions under the *Local Government Act 1995*, including the provision of services and facilities.

1.6 Legislation and Regulations Administered by the Shire of Shark Bay

See Appendix 2.

1.7 Other Legislation Affecting the Shire of Shark Bay

See Appendix 3.

1.8 Major Government and/or Industry Standards

See Appendix 4.

2. Principle Two: Policies and Procedures

Principle: Government organisations ensure that recordkeeping programs are supported by policy and procedures.

2.1 Hard Copy Records

The creation and management of hard copy records is carried out by all of the Shire of Shark Bay's staff, but is overseen by the Executive Manager Finance and Administration, Executive Assistant and the Records Officer.

Table 2.1

Recordkeeping Activities for the management of hard copy records covered in the Shire of Shark Bay's Policies and Procedures	YES	NO
Correspondence capture and control – including incoming and outgoing mail registration; responsibilities assigned for classifying, indexing and registration; file titling and file numbering conventions.	>	
Mail distribution – including frequency, tracking mechanisms and security measures.	>	
File creation and closure – including assigned responsibility and procedures for file creation.	>	
Access to corporate records – procedures for access to and security of corporate records.	>	
Authorised disposal of temporary records and transfer of State archives to the State Records Office – responsibilities assigned and a regular disposal program is in place.	~	

2.2 Electronic Records

The creation and management of the Shire of Shark Bay's electronic records, including electronic mail, are to be carried out by all staff.

Table 2.2

Recordkeeping Activities for the management of electronic records covered in the Shire of Shark Bay's Policies and Procedures	YES	NO
Electronic records management – including the organization's approach and methodology for the capture and management of its electronic records (for example, whether records are created and kept electronically or are printed off and kept in hard copy format).	~	
Email management – including the capture, retention and authorized disposal of email messages to ensure accountability (i.e. kept electronically or printed off into hard copy).	~	
Website management — i) If web information also exists in hard copy guidelines are in place to determine which is the complete and accurate record, particularly in regard to the purpose of the site (e.g. whether informational/transactional).	•	
ii) Responsibility for the website and strategies implemented for the management of the website over time.		
Metadata management – including authority for the capture and control of metadata.	✓	
System/s management – including any delegations of authority for the control and security of systems utilized by the organization.	~	
Migration strategy – strategies planned or in place for migrating electronic records for long-term retention and access.		✓

7.1.1.1 Creation of Records

All Elected Members, staff, and contractors will create full and accurate records, in the appropriate format, of the Shire of Shark Bay's business decisions and transactions to meet all legislative, business, administrative, financial, evidential and historical requirements.

7.1.1.2

7.1.1.3 Capture and Control of Records

All records created and received in the course of Shire business are to be captured at the point of creation, regardless of format, with required metadata, into appropriate

record keeping and business systems that are managed in accordance with sound record keeping principles.

7.1.1.4 Security and Protection of Records

All records are to be categorised as to their level of sensitivity and adequately secured and protected from violation, unauthorised access or destruction, and kept in accordance with necessary retrieval, preservation and storage requirements,

7.1.1.5 Access to Records

Access to the Shire of Shark Bay's records by staff and contractors will be in accordance with designated access and security classifications. Access to the Shire of Shark Bay's records by the general public will be in accordance with the Freedom of Information Act 1992 and the Shire Policy. Access to the Shire of Shark Bay's records by Elected Members will be via the Chief Executive Officer in accordance with the *Local Government Act 1995*.

7.1.1.6 Appraisal, Retention and Disposal of Records

All records kept by the Shire will be disposed of in accordance with the General Disposal Authority for Local Government Records, produced by the State Records Office of Western Australia.

2.3 Certification of Policies and Procedures

7.1.1.7

The Shire of Shark Bay's Recordkeeping Policy and Email Policy have been adopted by Council. These policies form part of the Shire of Shark Bay's Policy Manual.

2.4 Evaluation of Policies and Procedures

The evaluation of the Shire of Shark Bay's Policies and Procedures on Record Keeping is a continuing and an ongoing process. An evaluation of their efficiency and effectiveness is triggered through our Records Training program which leads to us modifying the policies and procedures accordingly.

7.1.1.8

3. Principle Three: Language Control

Principle: Government organisations ensure that appropriate controls are in place to identify and name government records.

3.1 List of Subject Headings

The Shire of Shark Bay has developed a List of subject headings to control the titling of records. The List of subject headings is attached.

See Appendix 6.

3.2 Assessment of its effectiveness

The Shire of Shark Bay's current Filing index is performing effectively and efficiently and reflects the Shire's current business operations. It covers both administrative and functional activities of the Shire of Shark Bay, is available for use by all staff and information can be filed and found without difficulty. This tool will be adjusted to reflect changes to the functions and activities of the Shire of Shark Bay as may occur from time to time.

4. Principle Four: Preservation

Principle: Government organisations ensure that records are protected and preserved.

4.1 Assessment of the Risks

4.1.1 Onsite records storage

The Shire of Shark Bay has its current, active, inactive and archival records located onsite at 65 Knight Terrace Denham. The storage facility includes:

- Metal compactors
- Constant temperature (air conditioned 8 hours per day)
- Cyclone proof Building

It appears that the risk associated in respect to the Shire's premises is low. Records are stored in a secure site at the Shire Office in the Compactors. Files are stored at a constant temperature, records are stored in a cyclone proof building and are not subject to security issues (low chance of files been stolen as the room they are in can be secured by doors that are lockable). Any documents classified as being sensitive are stored in the Shire's fireproof filing cabinets.

Personal records, tax records and property records are stored in a locked filing cabinet, of which are considered to be fire and vermin proof.

4.1.2 Offsite records storage, including offsite use of records

The Shire of Shark Bay has its non-current, inactive and archival records located in two sea containers, one located behind the Shire's administrative office and the other at the Shire depot.

The sea container unit situated at both sites is locked via a heavy duty industrial padlock. Only authorised staff members that are in possession of a key can enter the sea containers. The sea containers are deemed to be cyclone proof. All records are stored in cardboard archive boxes on metal shelving. To date no significant damage has been caused to any of the records stored at either of these sites. All access to the sites by staff is monitored and the key signed-out to that particular staff member.

The main disaster threatening records stored in the sea container records storage facility comes from fire, flood, industrial accident, vermin or pests.

With the sea container storage conditions being as described the risk is assessed as low to medium, as the likelihood of such incidences occurring are relatively low, taking into consideration no incidences as yet have occurred that has threatened the Shire's records at these locations.

4.1.3 Storage of Backups of Electronic Records

Electronic backups of the Shire of Shark Bay's computer records are held offsite at the Executive Manager Finance And Administration's place of residence daily.

4.1.4 Quantity of records

The Shire of Shark Bay holds:

48 metres of temporary records stored onsite; 0 metres of temporary records stored offsite;

0 metres of State archives stored onsite; and 10 metres of State archives stored offsite.

4.2 Assessment of the Impacts of Disasters

The risk of a disaster occurring to the records of the Shire of Shark Bay has been assessed overall as being low to medium. The impact of a disaster on the organisation's records has therefore been assessed as medium. There are sufficient strategies in place to ensure that business activities of the organisation will not be unduly affected in the event of a disaster occurring.

4.3 Strategies in Place for Prevention and Response

The Shire of Shark Bay will be implementing a Disaster Plan to deal with the preservation of all physical and electronic records that it holds.

A disaster is defined as -

A sudden, unexpected, unwanted event, of any size, that critically obstructs the normal flow of business and that causes damage to, or loss of records and property.

The personnel, equipment, software systems, databases, records and information which comprise the Shire of Shark Bay are necessary in order for the Council to function in an effective manner. The purpose of the Disaster Plan is to detail procedures for promptly responding to situations immediately threatening the paper based and electronic records at the Shire of Shark Bay, and by identifying resources and strategies for recovery that will reduce the likelihood of a disaster, and the amount of damage that can occur.

It is acknowledged that a major threat to the preservation of records is the risk of disasters, natural or otherwise. A disaster recovery plan is essential to ensure the swift, efficient and effective resumption of the Shire of Shark Bay's records system and the wide range of activities it supports following a disaster.

The Disaster Plan will act as a comprehensive resource for the recovery process by outlining the four stages of disaster management for records, namely:

- 1. Prevention
- 2. Preparedness
- 3. Response; and
- 4. Recovery

In the event of disaster affecting the Shire of Shark Bay's records, the swift and complete recovery of physical and electronic records would be essential in ensuring minimal impact on the Shire of Shark Bay's operations. Information is a key resource in all processes at the Shire of Shark Bay, and the loss of this resource would either significantly slow each process or halt each process entirely. The records system, as the primary repository for the Shire of Shark Bay's information, has the greatest potential to impact the widest range of the Shire of Shark Bay's operations if destroyed in a disaster.

The loss of the Shire of Shark Bay's records system could impact the Shire in a number of ways. The major areas of likely impact are as follows:

- Customer Service
- Staff Down time
- Uninformed Decision Making
- Loss of Corporate Memory

4.3.1 Vital Records Program

A vital records program will be developed by the Shire of Shark Bay. Vital records have been identified as:

- Licenses
- Deeds
- Agreements/Contracts
- Guarantees/Warrantees

Vital records in hard copy are currently stored in a locked, fire resistant safe, accessible to authorised staff. These records have been copied and the copies are placed on the relevant files and are used for all normal business activities.

4.3.2 Back-up Procedures for Electronic Records

Electronic records of the Shire of Shark Bay are backed up daily to an external hard drive. There are two external hard drive copies of the daily back up. These hard drives are alternated on a daily basis and taken off site each night by the Executive Manager Finance and Administration.

4.3.3 Security

The following security measures will be put into place at the Shire of Shark Bay to ensure the security of its records, both hard copy and electronic, and authorised access to them:

- Hard copy records are to be stored in a locked / secure room accessible only to records staff.
- There is a manual system in place to track records retrieved from storage areas. When a staff member retrieves a record, a File Movement Register is completed. Each staff member is required to enter their name; date of retrieval; file number; file name; and date that the file was returned. This procedure allows the Records Officer to determine who is in possession of the file, particularly in incidences where more than one employee requires use of a file
- Electronic records have varying degrees of access depending on delegations assigned to staff within the organisation.
- Electronic records are currently backed up on a regular basis as described previously.

4.3.4 Storage Reviews

The storage facilities utilised by the Shire of Shark Bay are reviewed regularly to ensure that conditions are appropriate for the organisation's records.

4.3.5 Recovery of Lost Information

The Shire of Shark Bay will develop a set of quick response strategies to recover lost information should a disaster occur which will be part of the Disaster Plan. The Shire will aim for the Disaster Plan to be completed by 30 June 2013.

5. Principle Five: Retention and Disposal

Principle: Government organisations ensure that records are retained and disposed of in accordance with an approved disposal authority.

5.1 General Disposal Authority for Local Government Records

The Shire of Shark Bay uses the General Disposal Authority for Local Government Records, produced by the State Records Office, for the retention and disposal of its records.

5.2 Other Disposal Authorities

Not Applicable

5.3 Restricted Access Archives

Not Applicable

5.4 Archives not Transferred to the State Records Office

Not Applicable

5.5 Disposal Program Implemented

The Shire of Shark Bay has implemented the General Disposal Authority for Local Government Records and conducts a regular disposal program on an annual basis.

5.6 Authorisation for Disposal of Records

Before any temporary records are destroyed or State archives are transferred to the State Records Office, a list of those records due for destruction or transfer will be reviewed by the Chief Executive Officer.

6. Principle Six: Compliance

Principle: Government organisations ensure their employees comply with the Recordkeeping Plan.

6.1 Staff Training, Information Sessions, Publications

Shire staff are trained in the use of the Shire's electronic recordkeeping system on a regular basis. All staff are now adhering to sound record keeping practices and are proficient in the use of the Shire's electronic recordkeeping system.

On the commencement of employment staff are inducted with the Shire's policy and procedures manual covering records management and are given extensive training in how to utilise the Shire's electronic recordkeeping system.

Table 6.1

Activities to ensure staff awareness and compliance	YES	NO
Presentations on various aspects of the Local Government's recordkeeping program are conducted. These are delivered to all staff on a regular basis.	~	
In-house recordkeeping training sessions for staff are conducted.	✓	
From time to time an external consultant is brought in to run a recordkeeping training session for staff. Staff are also encouraged to attend training courses outside the organisation whenever practicable.	~	
Staff information sessions are conducted on a regular basis for staff as required.	>	
The Local Government provides brochures or newsletters to publish recordkeeping information, highlight issues, or bring particular recordkeeping matters to staff attention.	>	
The Local Government's Induction Program for new employees includes an introduction to the Local Government's recordkeeping system and program, and information on their recordkeeping responsibilities.	~	

Coverage of the training/information sessions as detailed here extends to all staff. However, records management staff are offered more frequent and more specialised training when required.

6.2 Performance Indicators in Place

The following performance indicators have been developed to measure the efficiency and the effectiveness of the Shire of Shark Bay's recordkeeping systems:

- Satisfied customers (compliments vs complaints)
- Proportion of departments using the records management service
- Whether staff use records management tools, follow procedures, etc.
- · Audit queries that relate to recordkeeping
- Recordkeeping system/s meeting recordkeeping requirements
- Ability to meet external enquiries for records (Freedom of Information requests, subpoenas etc).

6.3 Agency's Evaluation

The Shire of Shark Bay's Recordkeeping System has not been regularly reviewed. As detailed below, the following measures are to be implemented to ensure that the Shire of Shark Bay is meeting the requirements of this plan and the business requirements of the organisation.

Comprehensive Record Keeping System Review

Annually, the Shire of Shark Bay's Recordkeeping System will be evaluated for efficiency and effectiveness. This comprehensive review of the system will report on the efficiency and effectiveness of the system at meeting the objectives of the Shire of Shark Bay's Policy on Recordkeeping. The review will be conducted by the Executive Manager Finance and Administration and a Senior Staff member in consultation with a representative sample of Shire staff. The review is proposed to address the following areas:

- The extent to which the system meets the Recordkeeping Policy objective;
- Level and extent of the system usage across the organisation;
- Processes that are working well:
- o Processes that are not working well or are not being utilised;
- o Problems and challenges experience by staff;
- Specific processes requiring improvement; and
- Staff ideas and suggestions for improvement;

Internal Recordkeeping Audits

Every six (6) months an internal recordkeeping audit will be conducted by the Executive Manager Finance and Administration. The audits will examine the extent to which staff members are following recordkeeping procedures and utilising the recordkeeping system. Any deficiencies that are discovered will be presented as audit action items to be addressed by the Executive Manager Finance and Administration within six (6) months. The satisfactory completion of the audit action items will be verified by the Finance and Administration Manager. Actions that are not completed satisfactory will be referred back to the Executive Manager Finance and Administration or alternatively to the Chief Executive Officer.

7. State Records Commission Standard 6: Outsourced Functions

The purpose of this Standard, established under Section 61(1) (b) of the *State Records Act 2000*, is to define principles and standards governing contracts or arrangements entered into by a local government with persons to perform any aspect of recordkeeping for the organization.

Local governments may enter into contracts or other arrangements whereby an individual or an organisation is to perform a function or service for the local government, or act as the local government's agent to deliver services to clients, or for the local governments own use. The general term 'outsourcing' is used for such arrangements.

Contractual arrangements should provide that the contractor create and maintain records that meet the local government's legislative, business and accountability requirements.

7.1 Outsourced functions identified

Refer to Appendix 1 for those functions outsourced.

7.2 Recordkeeping Issues included in Contracts

7.2.1 Planning

The Shire of Shark Bay includes the creation and management of proper and adequate records of the performance of the outsourced functions detailed above, in the contract planning process for the outsourced functions.

7.2.2 Ownership

The Shire of Shark Bay has ensured that the ownership of Shire of Shark Bay records is addressed and resolved during outsourcing exercises. Where possible this will be included in the signed contract(s) / agreement(s).

7.2.3 Control

The Shire of Shark Bay has ensured that the contractor(s) / agent(s) creates and controls records in electronic or hard copy format, in accordance with recordkeeping standards, policies, procedures and guidelines stipulated by the Shire of Shark Bay.

7.2.4 Disposal

The disposal of all Shire of Shark Bay records which are the product of or are involved in any contract(s) / agreement(s) with the Shire of Shark Bay and contractor(s) / agent(s) will be disposed of in accordance with the General Disposal Authority for Local Government Records, produced by the State Records Office.

7.2.5 Access

Conditions for the provision of access to any Shire of Shark Bay records produced in the course of the contract(s) / agreement(s) have been agreed between the Shire of Shark Bay and the contractor(s) / agent(s).

7.2.6 Custody

The Shire of Shark Bay has recently adopted the procedure of ensuring all contracts to state in relation to records - custody, ownership, disposal and transfer upon the completion of the contracts and will be specified in the contracts. To date there has been no new contracts set up or any contract renewals.

7.2.7 Contract Completion

The Shire of Shark Bay has recently adopted the procedure of ensuring all contracts to state in relation to records - custody, ownership, disposal and transfer upon the completion of the contracts and will be specified in the contracts. To date there has been no new contracts set up or any contract renewals.

7121					

(1) Objective

The purpose of the Shire of Bay's Record Keeping Policy is to define the principles that underpin the Shire's records keeping function and the roles and responsibilities of those individuals who manage or perform record keeping processes on behalf of the Shire. This Policy establishes a framework for the reliable and systematic management of Shire records in accordance with Legislative requirements.

(2) Scope

The policy applies to all Government records created or received by a Shire of Shark Bay employee, contractor or Elected Member, or an organisation performing outsourced services on behalf of the Shire of Shark Bay, regardless of their physical format, storage location or date of creation.

(3) Policy Statement

The Shire of Shark Bay recognises its records as a Government-owned asset and will ensure that they are managed as such. Ownership and proprietary interest of records created or collected during the course of business (including those by outsourced bodies or contractors) is vested in the Shire of Shark Bay.

(4) Roles and Responsibilities

1 Elected Member

All elected members are to create, collect and retain records relating to their role as an Elected Member for the Shire of Shark Bay in a manner to commensurate with Legislation and the Shire's Policies and procedures for record keeping. Electoral and personal records of Elected members are exempt.

2 Chief Executive Officer

The Chief Executive Officer is to ensure that an organisational system for the capture and management of records is established that is compliant with Legislative requirements.

3 Managers

All Managers are to ensure the Record Keeping Policy and procedures are known and adhered to in their area of responsibility.

4 All Staff

All staff (including contractors) will create, collect, and retain records relating to the business activities they perform. They are to identify -

5 Significant and Ephemeral Records

Ensure significant records are captured into the Record Keeping System and that all records are handled in a manner to commensurate with Legislation and the Shire's Policies and procedures for record keeping.

(5) Creation of Records

All Elected Members, staff, and contractors will create full and accurate records, in the appropriate format, of the Shire's business decisions and transactions to meet all legislative, business, administrative, financial, evidential and historical requirements.

(6) Capture and Control of Records

All records created and received in the course of Shire business are to be captured at the point of creation, regardless of format, with required metadata, into appropriate record keeping and business systems, that are managed in accordance with sound record keeping principles.

(7) Security and Protection of Records

All records are to be categorised as to their level of sensitivity and adequately secured and protected from violation, unauthorised access or destruction, and kept in accordance with necessary retrieval, preservation and storage requirements,

(8) Access to Records

Access to the Shire's records by staff and contractors will be in accordance with designated access and security classifications. Access to the Shire's records by the general public will be in accordance with the *Freedom of Information Act 1992* and the Shire Policy. Access to the Shire's records by Elected Members will be via the Chief Executive Officer in accordance with the *Local Government Act 1995*.

(9) Appraisal, Retention and Disposal of Records

All records kept by the Shire will be disposed of in accordance with the General Disposal Authority for Local Government Records, produced by the State Records Office of Western Australia.

7.1.2.5 10.28 Email Policy

(1) Introduction

Email (external/internal) forms part of the official business communication of the Shire of Shark Bay, as such email is governed by the same legislative requirements (*State Records Act 2000*) as all records.

Email sent or received contains information about business activities and therefore can function as evidence of business transactions in a court of law; they are subject to legal processes such as discovery and subpoena. The records may also be required by Royal Commissions, auditors and other people/bodies to whom they may be subject.

Electronic messaging systems are communication devices like the telephone, facsimile or post, and as such cannot be isolated from the records management system.

(2) Email as Official Records

Email messages are official records of Shire business; legislation requires Council to be accountable for that business.

Transactions that provide evidence of business activities and are required for ongoing business should be documented in the records management system.

Email messages that document -

- * what happened
- * what was decided
- * what advice was given
- * who was involved
- * when it happened
- order of events and decisions

should be printed out, with appropriate contextual details and attachments, and filed on the Shire's paper based files until electronic recordkeeping practices are developed.

(3) Purpose of this Policy

The purpose of this Policy is to ensure the proper use of the Shire of Shark Bay's email system and applies to all Council employees, Councillors, contractors, consultants, temporary and casual staff, and other authorised personnel of the Shire of Shark Bay.

The Shire makes electronic mail available to its staff so they may efficiently share and exchange information in the pursuit of the Shire's goals and objectives.

The Shire of Shark Bay is a diversified organisation, where staff work varying hours and days, electronic mail allows Shire staff to help overcome the barriers of time and space in communication.

(4) Policy Statement

- 1 The Shire of Shark Bay's email system and the messages sent through it are part of the Shire's formal communication network. This means that Shire records now include information kept in electronic form.
- 2 Email messages must be kept if they provide evidence of the Shire of Shark Bay's business and activities, are needed for use by others or affect the work of others. Staff sending and receiving emails are responsible for deciding if an email message is considered to be a Shire record and making sure that these messages are documented or printed out and placed on the appropriate file to provide a formal record.
- 3 Email messages which become Shire records must be retained in accordance with the approved retention periods listed in the Local Government Disposal Schedule.
- Access to email is limited to Shire staff, or other authorised persons, who have been given a user identification and password. Staff must not give their password to another staff member or member of public and must not access other staff member's email without appropriate authority. Unauthorised access to programs or information will result in disciplinary action.
- 5 The email system is part of Shire of Shark Bay's computer network and all the information processes, transmitted or stored in the system are the property of the Shire.
- Email is a business tool. Staff must make sure that all email messages are brief, concise and business related and are kept in the system only as long as required.
- 7 Email messages that are retained as Shire records are accessible to the public under Freedom of Information and Privacy legislation.
- 8 Email systems should not be assumed to be secure. Staff must be aware of the potential risks involved in sending confidential or sensitive information by email.

(5) Procedures for Use of Electronic Mail

- 1 Email should be treated with the same significance as the signed letter. Your password and the ability for you to send an email message has the same authority as signed correspondence.
- 2 Email must be accessed at least once a day by each employee with access to a networked personal computer. Any unwanted email should be deleted.
- 3 Staff can maintain their own email address book.
- 4 Personal or private information such as personal notes or invitations, staff appraisals or job applications should not be included in an email message because it could be read by, or misdirected to, unauthorised persons. Messages may also continue to exist long after the sender has deleted them. Deletion eliminates the message or file name from your computer directory but the information itself exists in the back-up system until it has been overwritten.
- If you send an email message with a Shire document as an attachment, you must note the details of the source of the document on the attachment. These details should include the addressee, the sender and the date and time of dispatch and receipt. Such details can be recorded as a file note on the corresponding physical file, however it is preferred that a hardcopy of the email and attachment is placed on the file with the required details

- 6 Email messages that are retained as part of Shire records should be saved in Central Records formatt.
- 7 Remember that email is admissible as evidence in court so good judgement must be used and thought must be invested into what is written.
- 8 Make sure email etiquette is followed. Messages must be kept polite and do not write in upper-case as this is considered as 'shouting'. Only send information that is of value to the received and do not make messages High Priority unless they are truly urgent.

(6) Information Protection and Confidentiality

All email accounts are the property of the Shire of Shark Bay and are provided to employees to be used primarily for legitimate business purposes, unless employees have prior approval from the Chief Executive Officer.

Email accounts are installed on a needs basis and are not automatically installed for all staff. A memo from a Manager forwarded to the Executive Manager Finance and Administration or Senior Staff is required for email connection. Staff granted access are responsible for managing all relevant emails received.

All email accounts including the data and messages contained within or transmitted via them are the property of the Council and are primarily intended for business use only.

All employees are advised that they do not have any personal or propriety rights over such email accounts.

The Shire of Shark Bay cannot guarantee the privacy or confidentiality of any email messages sent internally or externally.

The Shire of Shark Bay reserves the right, at any time and without the consent of the user, to inspect, monitor, examine, copy, store, forward, delete and disclose the contents of email messages, especially in relation to subpoenas and legal disclosures.

The Executive Manager Finance and Administration is the only employee authorised to undertake such procedures under strict disclosure conditions.

Any email information deemed important should be printed and, if required, an electronic copy maintained away from the email system.

Councillors and Shire employees must safeguard Shire information and information belonging to others such as Shire customers and suppliers from unauthorised or accidental disclosure, modification, damage or destruction, consistent with Shire Policy.

Shire employees should notify the Executive Manager Finance and Administration or the Chief Executive Officer of any unusual systems behaviour immediately as this may indicate security or virus related problems.

Email records must remain accessible while they are required to meet business and accountability requirements.

Email records that will be incorporated into the Central Records management system must be protected from alteration or manipulation.

Access to email is limited to Shire employees who have been given authorisation to do so and who have been given a user identification and password.

Virus infection of email systems is becoming more prevalent, viruses are being sent over the Internet on a daily basis. The virus scanner installed on the network should not be totally relied on as no scanning software can give 100% guaranteed protection.

Unless file attachments (especially sent over the Internet) can be positively identified they should be totally deleted and **NOT** opened as they may contain viruses. Notify the Executive Manager Finance and Administration or Chief Executive Officer, if you receive questionable attachments or are unsure of what to do.

Scanned signatures should not be used in any circumstances as they can be altered (cut and pasted) to give the appearance that a document was signed officially.

(7) Inappropriate Usage of Email

- a Using email accounts for non-business purposes ie 'junk' mail.
- b Sending or distributing 'chain' letters, 'hoax' mail or for other mischievous purposes.
- c Using email to solicit outside business ventures or actions in violation of Shire Policy.
- d Using email to distribute software which is inconsistent with any vendor's license agreement.
- e Using email to request, access, transmit or convey fraudulent, illegal, offensive, threatening, abusive or harassing materials which violates the Shire's Code of Conduct.
- f Using language that may be offensive to another user ie profanity and obscenities.
- g Use of email to harass, abuse, intimidate or interfere with the ability of others to conduct Council business.
- h Unauthorised accessing of data or attempt to breach any security measures on the systems, attempting to intercept any data transmissions without authorisation.
- i Sending email messages of a defamatory nature, email can be used as evidence in a court of law, the Shire can be held liable for published defamatory material.
- j Use of email to disclose or transmit any classified, staff in confidence, commercial in confidence, restricted or sensitive material.
- k The distribution of information via email (excluding business or personal messages ie birthday, baby birth or anniversary details) such as Trade Union or Community Group material must be authorised by the Chief Executive Officer first.

(8) Violations of this Policy

Shire employees who violate any copyright or license agreements are acting outside the scope of their employment terms and conditions and will be personally responsible for such infringements.

Shire employees may be subject to limitations on their use of email as determined by the Chief Executive Officer.

The Executive Manager Finance and Administration will undertake periodic monitoring, auditing and activities to ensure staff compliance with the acceptable usage of email in reference to this Policy.

Use of the email system indicates consent to such activities.

Shire employees who violate this policy will be subject to disciplinary action.

Violating this Policy may also contravene the law or relevant legislation and subject the employee/Council to criminal or civil actions.

This Policy is issued under the authority of the Chief Executive Officer and will be reviewed and amended as required in consultation with Managers and Staff of the Shire of Shark Bay.

Procedures-Daily Mail

INCOMING MAIL

- The Records Officer collects the mail from the Post Office daily at 10:00am;
- The Records Officer opens mail and stamps all mail with a date stamp;
- Once all the mail has been opened the Records Officer then puts a file number on the correspondence and who the responsible officer is. The Records Officer also distinguishes between mail needing to be processed through Central Records or mail that is of "junk" nature which does not need to be processed through records;
- Correspondence is then scanned into central records;
- Original's are placed in relevant file, scanned documents in central records with internal recipient being able to access record through the Central Records Management System;
- Responsible officer to action and record action in central records;
- A list of all outstanding correspondence requiring a response is distributed to the responsible officer at the end of the month by the Records Officer.

OUTGOING MAIL

- Each staff member is responsible for the filing or capturing of their outgoing mail.
- Once correspondence is written the following should occur:
 - 1. An electronic copy must be kept in the appropriate file on the network, also a copy to be saved in central Records.
 - 2. A Pink copy of the letter signed by the Chief Executive Officer or on his absence appointed officer must be filed in the appropriate hard-copy file.
 - 3. The original letter (on letterhead) is then put in an envelope by the officer and placed in the mail tray. All outgoing mail is posted by the records Officer every day at 4:00 pm.

SHIRE OF SHARK BAY

RECORDS MANAGEMENT PROGRAM

RECORDS MANAGEMENT OBJECTIVE

To ensure that the management of the Shire of Shark Bay's information resources and records management program provide timely and comprehensive information to meet operational business needs, accountability requirements and community expectations.

To ensure the preservation of the Shire's 'corporate memory' through sound recordkeeping practices and the accurate capture of information to meet legal, evidential and accountability requirements.

FILE CREATION AND MAINTENANCE PROCEDURES

Purpose:

To outline procedures for the creation, distribution and maintenance of files.

Practices and Procedures:

Each employee has the responsibility to ensure that records created, sent or received are placed on the relevant corporate file, or that a file is created where none exists within 24 hours of a project or activity commencing.

New files should be created when:

- A new project of activity commences; or
- Mail has been actioned; or
- Received and no file currently exists relating to the subject matter of the correspondence.

These files can be created with the assistance of a request form for the establishment of a file.

- 1. To have a new file created or a new part to a file created complete the file request form located with the Records Officer.
- 2. It will be envisaged that requests will be attended to the same day or within 24 hours.

Files may contain material of a highly confidential nature, e.g. personal files, or files containing commercially sensitive material. For this reason, access restrictions are to be placed on files to ensure privacy and confidentiality.

This should be noted when completing the file request form for the creation of new files.

Distributing Files

To ensure that records are readily accessible within the organisation it is important that the circulation of records is controlled and monitored. This is done by using a records tracking system. At the present, as no electronic tracking system is being utilised, file movement sheets should be kept up-to-date and the Records Officer informed when passed to another

employee. To enable efficient tracking of all users, details must be recorded in a clear and distinct manner.

It is to be noted that the last signatory or user of a file remains the responsibility for that file.

Records are an asset of the Shire of Shark Bay and remain the property of the Shire. They should not be taken with employees when they leave, or removed from the site for longer than necessary. It is important that records continue to be available to other employees who need them.

Possession of a corporate file means accountability for it. If a file appears to be missing, the Records Officer should be informed immediately, and they will initiate the appropriate action to locate it.

Maintaining Files

Records are subject to many risks. They include light, atmospheric conditions including extreme temperatures and humidity, biological factors including mould, insect pests, vermin and mechanical damage. However, one of the most neglected reasons for damage to files is repeated usage and handling.

Proper protection of all records is essential in reducing the risks associated with poor record keeping practices.

Regular maintenance of files or records will be performed by the Records Officer to ensure that damaged files and fasteners etc are replaced.

The following preventative measures are to be observed when storing files:

- Steel paper clips, pins and staples are to be removed from files as they cause corrosive damage to files and pose a safety issue;
- New parts to files are to be created when files reach 2cm in thickness;
- Sticky notes containing important information relevant to the file are to be removed and recorded on A4 standard paper as file notes;
- Photocopies are to be made of thermal fax paper and newspaper cuttings if included as part of a file;
- Copies of photographs are to be made (either scanned or photocopied) and attached to the file while originals are stored with like material in appropriate conditions; and
- Documents are to be removed from plastic sleeves before being placed in a file. This prevents documents from falling out of the file.
- Records ideally should be stored in a dust-free environment with appropriate climate controls to ensure their long-tem survival.

RECORDS DISPOSAL PROCEDURES

Disposal

'A range of processes associated with implementing appraisal decisions

These include the -

- Retention
- Deletion
- Or destruction of records in or from recordkeeping systems.

They may also include the migration or transmission of records between recordkeeping systems, and the transfer of custody or ownership of records.'
(Definition from AS4390 Section 4.9)

Records Disposal Policy Statement

The disposal of Shire records is governed by the State Records Act, 2000.

Shire staff are required to use the General Disposal Authority for Local Government Records for the retention or disposal of administrative and functional records within Council.

The Executive Manager Finance & Administration is responsible for the Shire's record's disposal program and is to ensure records are protected and retained in accordance with the requirements detailed in the General Disposal Authority.

Shire staff have a number of basic obligations relating to the disposal of records:

- They should contact the Chief Executive Officer or Executive Manager Finance and Administration before initiating the disposal of Shire records.
- Staff members shall not alienate, relinquish control over, or destroy Shire records without specific authorisation from the Chief Executive Office or Executive Manager Finance and Administration.
- Staff members are required to handle records with care and respect in a sensible manner, to avoid damaging records with a view to prolonging their lifespan.
- Staff are to advise the Chief Executive Officer or Executive Manager Finance and Administration prior to any transfer of records offsite to State Archives for the listing of inventories and appropriate sentencing of each record.

Practices and Procedures

All records created, received or held by the Shire of Shark Bay are disposed of legally, in accordance with Retention and Disposal Schedules approved by the State Records Commission. Retention and Disposal Schedules are a systematic and comprehensive listing of categories or series of records created and/or kept by local government, which plans the life of those records from creation to disposal, or permanent archive.

Retention & Disposal Schedules aim to:

- Select, preserve and make available all records that have a continuing value (Legal, Legislative, Financial, Administrative & Historical) to the Shire of Shark Bay;
- · Destroy all records whose value has ceased; and
- Transfer to the State Archives all records that have a significant historical value to the people of Western Australia.

There are severe penalties for the unauthorised destruction of public records:

Section 78 of the State Records Act 2000 provides that:

- "(3) A government organisation employee who destroys a government record commits an offence unless the destruction is authorised by the record keeping plan of the organization."
 - Penalty: \$10,000

Section 110 of the Freedom of Information Act 1992 provides that:

- "A person who conceals, destroys or disposes of a document or part of a document or is knowingly involved in such an act for the purpose (sole or otherwise) of preventing an agency being able to give access to that document or part of it, whether or not an application for access has been made, commits an offence."
 - Penalty: \$5,000 or 6 months Imprisonment

Before any records can be destroyed or disposed of, it must have been reviewed and been allocated a retention and disposal code according to that prescribed in the General Retention and Disposal Schedule for Local Government as declared by the Public Records Office of Western Australia and the State Archives of Western Australia.

Approval to destroy any Council information require the approval and signature of the Chief Executive Officer and the Executive Manager Finance and Administration. Material which may be of importance to the Shire can be set aside or a representative sample kept for safe-keeping.

Destruction of Ephemeral Records

Ephemeral records have no continuing value to the Shire of Shark Bay and are generally only needed for a few hours or a few days. They may not need to be placed within the Shire of Shark Bay official Record Keeping System. Section 1.11 of the General Disposal Authority for Local Government Records 1999 describes ephemeral records, an extract of which is below. In accordance with this schedule, Shire of Shark Bay employees, contractors or Elected Members may dispose of such ephemeral records once reference ceases.

Description of Ephemeral Records (General Disposal Authority Ref.)

1.11.1

Duplicate (or exact) copies of records, documents, circulars, forms, etc.

1.11.2

Information material including price lists, catalogues, advertising material, brochures etc, produced by other organisations.

1.11.3

Reference sets of directories, addresses and contact lists, including internal directories and lists produced by the local government, other agencies and organisations or suppliers.

1.11.4

Unsolicited letters or promotional material which offer goods or services to the local government.

1.11.5

Messages in the form of voice mail, e-mail, telephone messages, post-it or sticky notes when the message does not relate to the business functions of the local government.

Note: Messages which do relate to the business functions of the local government must be transcribed and placed on the appropriate subject file. Once transcribed the original message may be destroyed.

1.11.6

Rough drafts of reports, or correspondence, routine or rough calculations not circulated to other staff in the local government, and of which a final draft has been produced and placed on the appropriate subject file.

Note: Versions of drafts which contain significant changes to context must be placed in the appropriate subject file e.g. internal policy.

1.11.7

Transitory messages giving minor instructions and of a routine or instruction nature that are used to further some activity in either a paper-based or electronic format eg. correcting typing errors; requesting file creation or retrieval; filing a letter; formatting documents; duplicating.

1 11 8

Letters or cards of appreciation, sympathy or greetings of no enduring value.

1.11.9

Working papers, background notes and reference materials used to prepare or complete other documents. Those documents become the record of the local government and are placed on the appropriate subject file.

Note: Working papers and background notes relating to the development of internal policy must be placed on the appropriate subject file. (State Records Office of WA, 1999)

Destruction of Other Records

The Shire of Shark Bay's Archives Procedure for the retention and disposal of records in its custody is based on the General Disposal Authority for Local Government Records.

Records that are not ephemeral and are held by the Shire of Shark Bay must only be destroyed by the Chief Executive Officer. This process must be in accordance with the General Disposal Authority for Local Government Records, produced by the State Records Office of Western Australia.

When a captured record is sentenced for archiving, it is assessed against the General Disposal Authority for Local Government Records. The metadata is recorded manually. The records are then stored in an appropriate archive box and removed to the off-site storage facility. The off-site storage facility is secure and has appropriate risk management measures in place to ensure document integrity. While a retention period is established when records are captured into the Record Keeping System, changes in environmental circumstances may require the record to be retained for a further period. Such changes that could affect retention requirements include:

- The accuracy of the title of the file;
- Any significant historical events that have taken place since the record was sentenced;
- · Current issues affecting the records;
- Whether any records are the subject of a current Freedom of Information application;
- Whether any of the records are subject to a current, pending or suspected court case or Subpoena; and
- Amendments to the Retention & Disposal Schedule since the records were archived.

Destruction of archived records follows the General Disposal Authority for Local Government Records. The procedure requires a reassessment of the documents to be destroyed. The documents are then recorded on an Archive Disposal Form. Each Departmental Head to which the documents relate must sign and allow the destruction. The Chief Executive Officer must then sign and finally authorise the destruction. The destruction is then arranged by the Executive Manager Finance and Administration. The destruction is to be witnessed, and a certificate of destruction obtained. The Record Disposal Certificate is retained permanently in the Shire of Shark Bay's Record Keeping System as evidence of the destruction having taken place. Finally, the Document Management System is updated to reflect the destruction. The procedure is conducted annually to ensure the efficient management of the Shire of Shark Bay's archives.

Transfer of Archival Records to State Archives

Shire of Shark Bay' records identified as having archival value in the General Disposal Authority for Local Government Records are to be retained in the State Archives. Archival value records may be those created as evidence of an administration where their value goes well beyond their day to day use. These records may also document the history of an area and its population and the cultural and economic conditions under which they lived. These records have been identified as having a lasting value for the state and are a valuable resource for students or researchers in such areas as history, genealogy, social geography, economics, demography and urban planning. In accordance with the General Disposal Authority for Local Government Records, all archival records will be transferred to State Archives five years after the date of last action.
