COWELL, Cheryl

Living and working in Shark Bay for 24 years, I have immense appreciation for the lifestyle and values we all enjoy. I have served on Council from 2007 and as President since 2009.

As an active community member, I volunteer with several local organisations, plus represent the Shire and Gascoyne on additional committees and boards.

I uphold transparent and responsible governance, offer honest and fair representation for all and am a strong voice from local and regional perspective for such issues as; youth and seniors, employment, tourism, medical care, economic and sustainable development and increased social opportunities for the community.

My vision for Shark Bay is to maintain its values, progress sustainable development, and contribute to population and economic growth, thus expanding services and facilities for the community.

I seek your support for re-election to continue to improve the lifestyle, amenities and infrastructure for the benefit of our local community.
