SMITH, Mark

I love the bay; it's my kind of place. My wife Donna and I moved here with two young children giving them the opportunity to grow in an environment only Shark Bay offers. Taylah my daughter and partner Gary have brought their first "Home" in Denham and had baby Dylan 18 months of age. Jacko after finishing school now travels.

Net fishing Shark Bay is an amazing privilege to call work. It allows interaction with all business owners connecting with their thoughts. Shark Bay people respect the environment and want simple and manageable life styles as do I.

Change is constant and while change is inevitable I'd like to be part of Council steering change into the future. Having a good moral compass, understanding sometimes complex issues and decisions Council needs to make, I would represent people of Shark Bay, appreciating the chance as councillor.
