STUBBERFIELD, Peter

14 years ago came to Shark bay with my young family for a holiday and in the 2 weeks we were here ,we as a family became smitten with the place ,the history ,natural beauty ,the amazing welcoming people and the fishing.

Not long after that first visit my wife Karen and I were fortunate to be able to purchase the house we now live in as our plan was formulated to eventually leave the city and the southwest to move to our dream location .

2 years ago Karen and I were able to finally move to this amazing welcoming community.

I have been self employed in my own businesses for over 26 years in hospitality, finance and retail.

Its now time for me to give back and Shark Bay is the community and town I want to grow old in and help to progress with this nomination.
