COURT, Janet

I was born in Shark Bay in 1981 and have been a resident of both Denham and Useless Loop throughout my whole life.

I currently reside in Denham with my three school aged children and husband. I work for Silver Chain Home and Community Care, I am passionate about caring for our aging population and making sure their needs are provided for.

I am a warm approachable person who will listen to your views and concerns and will advocate for the local community needs. Living remotely I understand the limitations for young people with regard to low employment and social isolation and strive to improve the community liveability.
