Background

The *Local Government Act 1995* Section 5.25 requires the Council to advertise its Ordinary Council meeting dates for the forthcoming year.

Comment

Listed below is a proposed schedule for Council meetings in the year 2022 for consideration and approval:

January 2022 – No ordinary meeting of Council to be held;  
February 2022 – Wednesday 23 Commencing at 3.00 pm in Council Chambers;  
March 2022 – Wednesday 30 Commencing at 3.00 pm in Council Chambers;  
April 2022 – Wednesday 27 Commencing at 3.00 pm in Council Chambers;  
May 2022 – Wednesday 25 Commencing at 3.00 pm in Council Chambers;  
June 2022 – Wednesday 29 Commencing at 3.00 pm in Council Chambers;  
July 2022 – Wednesday 27 Commencing at 3.00 pm in Council Chambers;  
August 2022 – Wednesday 31 Commencing at 3.00 pm to be advised by Council;  
September 2022–Wednesday 28 Commencing at 3.00 pm in Council Chambers;  
October 2022 – Wednesday 26 Commencing at 3.00 pm in Council Chambers;  
November 2022 –Wednesday 30 Commencing at 3.00 pm in Council Chambers; and  
December 2022 – Wednesday 14 Commencing at 3.00 pm in Council Chambers.

Ordinary meetings of Council are held on the last Wednesday of each month unless specifically resolved by Council to allow for other circumstances.

Council meetings have commenced at 3.00 pm for quite a number of years. This was to suit Council members. If Council members decides to change the time of the meeting then it can also be changed at this point.

Council regularly amends its December meeting due to Christmas. The schedule indicates that the December 2022 meeting be held on Wednesday 14 December in lieu of 28 December, being the last Wednesday in the month. This gives the Council Administration Staff time to get the minutes and correspondence out to the public before shutdown for the Christmas break.

Legal Implications

Section 5.25 of the *Local Government Act 1995* and the Local Government Regulations Section 12 Public notice of council or committee meetings –

At least once each year a local government is to give local public notice of the dates on which and the time and place at which –  
The ordinary council meetings; and  
The committee meetings that are required under the Act to be open to members of the public or that are proposed to be open to members of the public,

are to be held in the next twelve (12) months.

Policy Implications

Policy 1.1 - Meetings of Council

Ordinary Council meetings will be held on the last Wednesday of each month except January, unless resolved by Council to allow for other circumstances.

27 OCTOBER 2021

Financial Implications

The financial implication is the travel costs associated with all members of Council and Council staff traveling to the Council meeting site in August 2022 and the local public notice if Council decides to hold that meeting at a different location.

COMMENT

This will ensure the Shire of Shark Bay is Grant ready, well prepared and positioned to access the State Governments \$875 million investment in Regional modular housing, a commitment announced by the Hon John Carey MLA, Minister for Housing; Local Government at the 2021 Western Australian Local Government Association Local Government Convention.

This initiative presents an opportunity for the Shire of Shark Bay to break the cycle of accommodation shortage and have a more robust and integrated community. The obvious lack of Medium-term, (0-6 month) and long term (6 months to several years) accommodation options is being expressed by every business you talk with.

With more holiday makers accessing Denham through Holiday Rentals, increases in Caravan Park bays both in Denham and Monkey Mia, combined with the sheer increase in visitor numbers and the duration of stays, unprecedented pressure is being placed on all services and infrastructure. From shops and pubs to medical and voluntary operations, all are suffering a lack of staff and worse still nowhere to house them when they arrive in town.

27 OCTOBER 2021

---

Holiday house rentals have positive benefits to the Denham economy, and we need to appreciate the position of owner who can access their house for personal use as well as enjoy a passive income from the rent to holidaymakers. By operating in this manner however it has the impact of placing pressure on the town through reduced long-term accommodation.

Investors and Developers looking to invest and construct in regional areas such as Denham will incur high costs for utility headworks, in freight and building materials, and a shortage of trades and trades assistants. There is little to no growth on Capital investment and return on investment is through rents charged only. Rent returns alone will not be enough to attract an investor to build the required accommodation and to break the cycle of medium to long term accommodation shortage.

Existing accommodation providers cannot be impacted by the development of any accommodation solution. Equally, it is unreasonable to expect the same businesses or any other business old and new, to have to purchase dwellings to house their staff or reside in housing less acceptable to hold a job. The consideration of staff housing in any operator's business plan would simply "blow the budget" on your startup costs. The cost to current business to invest in the purchase of 3 or 4 houses would be in the vicinity of more than a \$1 million and could not be justified. Using the lodgings within their own business normally hired to holidaymakers, would come at a significant cost. Ordinarily these lodgings are hired out for several hundreds of dollars per night, not several hundred per week that an employee would expect to pay. Start to include families into the equation and costs skyrocket.

Businesses simply want their hired employees to come to and from there place of employment, their families to have a home, enjoy their lives in Shark Bay and be happy in their environment.

Currently the Shire of Shark Bay has business plan for 9, 3x2 houses for Shire employees on Hartog Crescent, and has made changes to ancillary dwelling requirements to encourage residential development of 9 new pensioner dwellings for 12 persons. These plans will in time reduce the cycle of long-term accommodation shortage.

With a strong medium to long term accommodation solution Business Development Plan, and commitment for the Shire of Shark Bay to partner with local business, we can prepare and position ourselves to act "now" for the future needs of Denham. The Business Development Plan will investigate the funding options available and sourcing of same, that will be needed to progress this project, along with the scoping of a robust short- and long-term management plan to ensure the preferred solution will prosper into the future.

27 OCTOBER 2021

FINANCIAL IMPLICATIONS

Currently there is no allocation for the commissioning of the proposed Business Development Plan within the Shires 2021/22 budget. It is anticipated the required allocation could be accessed from the Shires Infrastructure Reserves Fund.

STRATEGIC IMPLICATIONS

**Council Resolution**

1.     **That a new lease for Reserve 40711 Lot 301 be negotiated with the Shark Bay Speedway Club (Inc.) for a period not exceeding 10 years, with all other conditions including lease payment to be ratified by Council.**
2.     **That Council authorise the Chief Executive Officer to liaise with the Department of Planning, Lands and Heritage to request a change in the vesting of Reserve 40711 Lot 301 from “Speedway” to “Public Recreation (Speedway)”.**

**7/0 CARRIED**

BACKGROUND

The Shark Bay Speedway has been in operation since 1999 and currently has over 100 members. It is one of the large community/sporting groups in Denham.

The Club operates from Reserve 40711 Lot 301, which is vested in the Shire for use as a “Speedway”. The current lease expires on 31 December 2021, and the Club has written to the Shire requesting a new lease. The Speedway Club has also requested Council to apply for a change in the Vesting Order to allow the facility to be used for other recreational purposes, eg other sporting or community events.

Shire has the authority to hold and manage Reserve 40771 and under the Management Order, has the power to lease the whole or any portion of the land for any term not exceeding 10 years, subject to the approval of the Minister for Lands being first obtained.

COMMENT

The Speedway Club regularly runs race meets, and the annual Far Western Championship is one of the largest events in the State outside the metropolitan area. The Far Western brings several hundred visitors to Denham over the middle weekend of the July School holidays and conservatively injects tens of thousands of dollars into the local economy.

Currently the Vesting Order for Reserve 40711 Lot 301 has a permitted use of “Speedway” only. This is not consistent with either the Golf Club or Bowling, Sport and Recreation Club,  
Bowling, Sport and Recreational Club - Permitted use Recreation (Bowling)

27 OCTOBER 2021

Boolbardie Golf Club – Permitted Use Public Recreation (Golf Course)

Note the Reserve leased to the Shark Bay Pistol Club is also vested only for Pistol Club

The Speedway Club is seeking Council support to apply to change the Vesting Order to allow for a broader range of activities at the facility. This would allow other community groups and individual to utilise the facility as explained in the attached letter.

Please note that a copy of the Speedway Lease has been attached under confidential attachments.

LEGAL IMPLICATIONS

Approval of the Minister under section 18(7) of the *Land Administration Act 1997* is a condition precedent to the grant of a lease.

POLICY IMPLICATIONS

There are no policy implications relative to this report.

FINANCIAL IMPLICATIONS

The current lease allows for an annual lease payment to the Shire of \$150.00, payable on request.

STRATEGIC IMPLICATIONS

Dear Dale,

## RE: Lease – Shark Bay Speedway Club

The Shark Bay Speedway Club committee met on 5 October 2021 to discuss our expiring lease with the Shire of Shark Bay at the end of 2021. The current lease commenced on 1 January 2012 and expires on 31 December 2021.

It was identified during our meeting, several requests we would like considered by the Shire of Shark Bay Council in regards to our future lease requirements. These include;

- A change of the reserve listing/name from "Speedway" to "Recreation – Speedway". This will allow for more flexibility of the use of the land.
- Our current lease does not allow other community groups or individuals etc to use or hire this space. For example, the Shark Bay Fishing Club storing their toilets at the venue (which we use for all our speedway meets) as well as any other community groups or individuals wanting to host a function at the space.

We appreciate your time in considering these changes in our future lease. Should you require any further clarification, please do not hesitate to contact myself on 0448 442 884.

Yours sincerely

**Council Resolution**

**That the monthly financial report to 30 September 2021 as attached be received.**  
**7/0 CARRIED**

Mr Galvin, Works Manager returned to the Council Chamber at 4.05 pm.

Comment

As per the requirements of Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government Accounting (Financial Management) Regulations 1996*, the following monthly financial reports to **30 September 2021** are attached.

VARIANCE ANALYSIS

The Shire is unable to process Depreciation until the Financial Audit for 2020/2021 is completed and the Asset Module is rolled forward into the 2021/2022 Financial Year. Due to depreciation having a major impact on the analysis outcome reporting on variances will be delayed until the audit is completed.

LEGAL IMPLICATIONS

Section 34 of the *Local Government (Financial Management) Regulations 1996*, requires a financial report to be submitted to Council monthly.

POLICY IMPLICATIONS

There are no policy implications associated with this item.

FINANCIAL IMPLICATIONS

The financial report shows the financial position of the Shire has exceeded the year to date budget as a result of strategies put in place to address the significant adverse trend in the financial position of the Shire, as the Operating Surplus Ratio has been below the Department of Local Government, Sports and Cultural Industries standard for the past three years. In addition, due to the COVID-19 pandemic further strategies were implemented in the budget to further reduce expenditure in anticipation of an adverse impact on cashflow forecast for the 2021/2022 financial year.

STRATEGIC IMPLICATIONS

Outcome 1.2 To improve fiscal management practices and procedures and maximise operating revenue and social capital.

27 OCTOBER 2021

RISK MANAGEMENT

The financial report reports on the current financial status and this is currently viewed as a low risk to Council.

# MINUTES OF THE ORDINARY COUNCIL MEETING

27 OCTOBER 2021

## MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 30 SEPTEMBER 2021

## BASIS OF PREPARATION

### BASIS OF PREPARATION

#### REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, Regulation 34. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

#### BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads* paragraph 15 and *AASB 116 Property, Plant and Equipment* paragraph 7.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 30 September 2021

### SIGNIFICANT ACCOUNTING POLICIES

#### CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 14 to these financial statements.

#### GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

### KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

### KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2020 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

### SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

#### KEY INFORMATION

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

### KEY INFORMATION

#### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### Employee benefits

##### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

##### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Officer Recommendation

That Council:

1. Note that the plans lodged as part of this new planning application are identical to plans already refused by Council at the Ordinary Meeting held on the 28 July 2021 – refer Attachment 1 (July minutes).
2. Note that the application for an outbuilding on Lot 226 (24) Fry Court has not been re-advertised for public comment, as the same plans were already advertised prior to the July 2021 refusal.
3. Determine to refuse the Outbuilding proposed on Lot 226 (24) Fry Court, Denham for the following reasons:
  - (i) The outbuilding does not meet the alternative Design Principle 5.4.3 P3 of the Residential Design Codes as the wall and roof height will detract from the visual amenity of the adjacent lots.
  - (ii) Approval of the proposed outbuilding will set an undesirable precedent for similar sized structures in the locality.
4. Advise the applicant that Council had already refused an application with identical outbuilding plans at the meeting held on the 28 July 2021, and the application does not contain any new information that warrants or justifies a different decision.

Council Resolution

**Determine that the outbuilding meets the alternative Design Principle 5.4.3 P3 of the Residential Design Codes as ‘it does not detract from the streetscape or the visual amenity of residents of neighbouring properties’ and approve the Outbuilding on Lot 226 (24) Fry Court, Denham subject to the following conditions:**

27 OCTOBER 2021

- (i) The plans lodged with this application shall form part of this planning approval. All development shall be in accordance with the approved plans unless otherwise approved in writing by the Chief Executive Officer.
- (ii) All stormwater from roofed and paved areas shall be collected and disposed of on-site and any associated drains and soak wells shall be maintained in a clean and clear condition. All drainage to be fully contained within the property boundaries with no water discharge into adjacent land or road reserve unless otherwise approved in writing by the Chief Executive Officer.
- (iii) The building is only approved for non habitable purposes.
- (iv) If the development the subject of this approval is not substantially commenced within a period of 2 years, the approval shall lapse and be of no further effect.

#### BACKGROUND

- **Zoning**

The lot is zoned 'Residential' with a density code of R30 under the Shire of Shark Bay Local Planning Scheme No 4 ('the Scheme').

The lot has an approximate area of 1119m<sup>2</sup> and contains an existing house. A location plan is included over page.

- **Existing Approvals**

Council resolved to grant conditional approval of a second hand dwelling on Lot 226 Fry Court at the Ordinary Meeting held in October 2019.

- **Relevant Council decision**

There have been two previous planning applications lodged for an outbuilding on this lot, and both applications were refused. The history is summarised below:

- a) On the 28 April 2021 Council resolved to defer determination of a proposed outbuilding application and invited the applicant to lodge revised plans to address concerns over height and impact on neighbours.
- b) On the 26 May 2021 Council considered revised plans and resolved to refuse the application due to concerns over non-compliance with the Design Principles of the Residential Design Codes and impact on streetscape.
- c) On the 28 July 2021 Council refused a second application for an outbuilding which entailed revised plans – refer to Attachment 1 (July minutes).

27 OCTOBER 2021

- **Location**

A location plan is included over page for ease of convenience.

COMMENT

- **Description of application**

The applicant has lodged a new planning application with plans for an outbuilding proposed to the rear of the existing house. As explained in the background section of this report, these same plans were already refused by Council in July 2021.

The applicant has advised that the outbuilding height and size is proposed as the owner has a boat approximately 6 metres long. The owner also has a motorhome with a height of 3.7 m, hence a 3.8 m opening is proposed for adequate clearance.

The owner would like to store these items in the outbuilding to protect them from the elements. A toilet is proposed in the outbuilding however it is for convenience.

The site plan and elevations are included over page for ease of reference. A copy of the complete set of plans is available to Councillors on request.

The applicant has advised that a deck, carport, and patio addition is proposed however that component of future development complies with the 'deemed to comply' provisions of the Residential Design Codes. Development that complies with the Residential

27 OCTOBER 2021

- **Applicant advice**

Town Planning Innovations sought clarification from the applicant as to why identical plans have been re-lodged. On the 22 September 2021 the applicant advised that :

*“Plans are the same. Eric Roulston has been in contact with several councillors, and they collectively invited submission of a fresh development approval application. I understand the departing Chief Executive Officer is also aware of the situation.”*

- **Residential Design Codes**

The Residential Design Codes ('the Codes') operate as State Planning Policy 7.3 and are produced by the Western Australian Planning Commission.

The Codes provide guidance for the site and development requirements applicable to residential development throughout the state of Western Australia.

The Codes have two separate options for the assessment of development including 'Deemed to Comply' criteria and alternative 'Design Principles'.

Under the Residential Design Codes there are specific 'Deemed to Comply' requirements for outbuildings. The proposed outbuilding seeks variations to the Residential Design Codes as detailed below:

Clause 5.4.3 C3 B 'deemed to comply' criteria / Outbuildings that:	Officer Comment (Town Planning Innovations)
(i) individually or collectively does not exceed 60sqm in area or 10 percent in aggregate of the site area, whichever is the lesser	Variation. A floor area of 84m <sup>2</sup> is proposed for the new outbuilding. This does not include the additional floor area of unauthorised sea containers on the lot.
(ii) setback in accordance with Table 2a.	Complies.
(iii) does not exceed a wall height of 2.4 metres	Variation. A wall height of 4.086 to 4.319m is proposed.
(iv) does not exceed a ridge height of 4.2 metres	Variation. The maximum ridge height on the front elevation is 4.4 metres.
(vi) not located within the primary or secondary street setback area; and	Complies.
vi) do not reduce the open space and outdoor living area requirements in table 1.	Complies.

The revised plan proposes variations to the 'Deemed to Comply' requirements therefore the Shire has to determine if the outbuilding complies with the 'Design Principle' (5.4.3 P3) of the Codes which is:

27 OCTOBER 2021

*“Outbuildings that do not detract from the streetscape or the visual amenity of residents of neighbouring properties”.*

The Shire Council already made a determination that the outbuilding does not meet Design Principle’ (5.4.3 P3) in July 2021.

No new information or modifications are proposed that warrant or justify any different decision.

- **Site Photographs**

The front elevation demonstrates that the outbuilding ridge will be visible above the roofline of the existing house.

Above: Photograph of existing house

The main consideration for Council is the visual impact of the wall height and ridge height to adjacent neighbouring lots to the south /rear and east side, as well as the precedent that will be set by approval of the proposed development.

The Shire has historically had regard for owners storage needs but has balanced that with the need to also protect residential amenity and the character of the locality.

27 OCTOBER 2021

Site photographs are included overpage for information. Where the house on Lot 226 is visible, the outbuilding will be visible (as it is proposed to be higher).

3. View from in front of No 149 & No 151 Knight Terrace to the house at 24 Fry Court.

- **Consultation**

The previous identical application was referred to nearby and adjacent landowners and no submissions were received. Irrespective that there has not been any neighbour objections, Council has to independently determine whether a proposal complies with the Design Principle of the Codes.

- **State Planning Policy 3.7 – Planning for Bushfire Protection**

Under the 'deemed provisions' of the *Planning and Development (Local Planning Schemes) Regulations 2015* Council is to have 'due regard' to any state planning policy. This essentially means Council has an obligation to give proper, genuine and realistic consideration to the requirements of 'State Planning Policy 3.7: Planning in Bushfire Prone Areas'.

Mapping identifying Bushfire Prone Areas is available through the Department of Fire and Emergency Services website.

A Bushfire Attack Level assessment is not required as part of the planning process for lots less than 1100m<sup>2</sup>. The lot has an area marginally above that at 1119m<sup>2</sup>.

The applicant has lodged a Bushfire Attack Level report that was completed for the existing house in August 2019. The Bushfire Attack Level stated that '*reliance on the*

27 OCTOBER 2021

*assessment and determination of the Bushfire Attack level contained within the report should not be extend beyond a period of 12 months from the date of issue of the report ' (ie 29 August 2020).*

The report identified that highest Bushfire Attack Level would be 12.5, which is acceptable. Whilst the Bushfire Attack Level report has expired, it is considered that this matter can be adequately addressed as part of the separate Building Permit stage.

#### LEGAL IMPLICATIONS

Planning and Development Act 2005 - If an applicant is aggrieved by a Council determination there is a right of review by the State Administrative Tribunal in accordance with Part 14. An application must be made within 28 days of the determination.

#### Planning and Development (Local Planning Schemes) Regulations 2015 -

Clause 61(1)(d) only exempts outbuildings from the need for planning approval where no variation to the 'deemed to comply' provisions of the Residential Design Codes are proposed.

Clause 67 outlines 'matters to be considered by Council' including and not limited to the aims and provisions of the Scheme, orderly and proper planning, any approved state policy, the compatibility of the development with its setting including to development on adjoining land, amenity, loading, access, traffic and any submissions received on a proposal.

Shire of Shark Bay Local Planning Scheme No 4 – Explained in the body of this report.

#### POLICY IMPLICATIONS

The Residential Design Codes operate as a State Planning Policy. Revised Residential Design Codes became operative on the 2 July 2021.

Whilst not a planning policy, the Shire has a Code of Conduct for Councillors which states:

- As a representative of the community, Elected Members need to be not only responsive to community views, but communicate decisions of Council or a committee adequately, with good faith and not adversely reflect on those decisions externally.
- Elected Members, Committee Members and employees must respect the decision-making processes within a local government which are based on a decision of the majority of the Council or a committee.
- Elected Members, Committee Members and employees must convey information concerning adopted policies, procedures and decisions of the Shire accurately.

#### FINANCIAL IMPLICATIONS

The Shire pays consultancy fees to Liz Bushby of Town Planning Innovations for planning advice.

- **Residential Design Codes**

The Residential Design Codes ('the Codes') have two separate options for the assessment of development including 'Deemed to Comply' criteria and 'Design Principles'.

Under the Residential Design Codes there are specific 'Deemed to Comply' requirements for outbuildings. The proposed outbuilding seeks variations to the Residential Design Codes as detailed below:

Clause 5.4.3 C3 B 'deemed to comply' criteria / Outbuildings that:	Officer Comment – Town Planning Innovations
(i) individually or collectively does not exceed 60sqm in area or 10 percent in aggregate of the site area, whichever is the lesser	Variation. A floor area of 84m <sup>2</sup> is proposed for the new outbuilding. This does not include the additional floor area of unauthorised sea containers on the lot.
(ii) setback in accordance with Table 2a.	Complies.
(iii) does not exceed a wall height of 2.4 metres	Variation. A wall height of 4.086 to 4.319m is proposed.
(iv) does not exceed a ridge height of 4.2 metres	Variation. The maximum ridge height on the front elevation is 4.4 metres.
(vi) not located within the primary or secondary street setback area; and	Complies.
vi) do not reduce the open space and outdoor living area requirements in table 1.	Complies.

The revised plan proposes variations to the 'Deemed to Comply' requirements therefore the Shire has to determine if the outbuilding complies with the 'Design Principle' (5.4.3 P3) of the Codes which is:

*"Outbuildings that do not detract from the streetscape or the visual amenity of residents of neighbouring properties".*

- **Applicant Justification**

The applicant is of the view that the proposed outbuilding complies with the design principle (above) based on the following:

- a. The outbuilding does not detract from the streetscape, particularly as it is proposed in the rear yard behind the existing dwelling (including proposed carport, patio and side fencing that are exempt from the need for development approval).
- b. The visual amenity of residents or neighbouring properties is not impacted, as the structure remains fundamentally a structure of modest height, and at a scale

commensurate with other outbuildings in the coastal communities of the North West (i.e. where boat ownership, caravan ownership, individual storage needs etc. is greater), and where such oversized / over-height outbuildings are generally accepted.

- c. The outbuilding is needed as the owner and her husband have a substantial motorhome, caravan and trailered boat which can be seen in aerial photos. The salt in the air and minerals / iron in the pindan soil in Shark Bay are a catalyst for corrosion, so it is important that vehicles, trailers, machinery and other susceptible property are stored out of the elements.

The applicant also requested that the following photograph of an outbuilding at 153 Knight Terrace Denham be included.

Town Planning Innovations Comment: *The Shire records show that the above outbuilding was approved in 2001. It is not known how accurate the plans are as they are hand drawn and have been scanned, but it has a floor area of 76.29m<sup>2</sup>. Reports on the outbuilding were referred to Council on 15 December 2000 and 31 January 2001. The reports do not include any information on the Residential Design Codes.*

- **Relevant Decisions on Outbuildings**

Each streetscape has different characteristics which need to be taken into account as part of specific assessments.

Council has approved some other outbuildings with roof heights above 4.4 metres – refer table below (highlighted).

The proposed outbuilding location is more beneficial from the Fry Court streetscape view, as it will be partially screened by the existing house. The front elevation, however, demonstrates that the outbuilding ridge will be visible above the roofline of the existing house.

There is some vegetation on adjacent 26 Fry Court, and a rear boundary wall is proposed which will partially screen the outbuilding. A portion of the walls will be visible from neighbouring properties.

The main consideration for Council is the visual impact of the wall height and ridge height to adjacent neighbouring lots to the south /rear and east side, as well as the precedent that will be set by approval of the proposed development.

The Shire has historically had regard for owners storage needs but has balanced that with the need to also protect residential amenity and the character of the locality.

Site photographs are included overpage to assist. Where the house on Lot 226 is visible, the outbuilding will be visible (as it is proposed to be higher).

- **Consultation**

The application was referred to nearby and adjacent landowners and no submissions have been received.

- **State Planning Policy 3.7 – Planning for Bushfire Protection**

Under the 'deemed provisions' of the *Planning and Development (Local Planning Schemes) Regulations 2015* Council is to have 'due regard' to any state planning policy. This essentially means Council has an obligation to give proper, genuine and realistic consideration to the requirements of 'State Planning Policy 3.7: Planning in Bushfire Prone Areas'.

Mapping identifying Bushfire Prone Areas is available through the Department of Fire and Emergency Services website.

A Bushfire Attack Level assessment is not required as part of the planning process for lots less than 1100m<sup>2</sup>. The lot has an area marginally above that at 1119m<sup>2</sup>.

The applicant has lodged a Bushfire Attack Level report that was completed for the existing house in August 2019. The Bushfire Attack Level stated that '*reliance on the assessment and determination of the Bushfire Attack Level contained within the report should not be extend beyond a period of 12 months from the date of issue of the report*' (ie 29 August 2020).

The report identified that highest Bushfire Attack Level would be 12.5, which is acceptable. Whilst the Bushfire Attack Level report has expired, it is considered that this matter can be adequately addressed as part of the separate Building Permit stage.

Council has discretion over whether to require an updated Bushfire Attack Level assessment as part of the planning process.

- **OPTIONS AVAILABLE TO COUNCIL –**

- **Option 1 – Refuse the Outbuilding**

Irrespective of the lack of neighbours' objections it is the Council's role to:

- (a) independently assess and consider whether the outbuilding will have any negative impact on amenity or neighbouring lots;
- (b) determine whether the outbuilding meets the Design Principle of the Codes.

Council may determine that the outbuilding does not meet the alternative Design Principle 5.4.3 P3 of the Residential Design Codes if of the view that it will detract from the visual amenity of the southern and eastern neighbouring properties, and that approval will set an undesirable precedent for similar sized outbuildings within Fry Court and Denham townsite.

- **Option 2 : Approve the Outbuilding**

To approve the outbuilding Council would need to be satisfied that the outbuilding meets the alternative Design Principle 5.4.3 P3 of the Residential Design Codes and

that 'it does not detract from the streetscape or the visual amenity of residents of neighbouring properties.'

- **Sea Containers**

Two sea containers have been placed on the lot without any planning approval or building approval. It is not known if the owner intends to retain sea containers on the lot, which is relevant as their floor areas would also be taken into account for the aggregate floor area of outbuildings.

It is recommended that the Shire write to the owner and advise that the sea containers are unauthorised development, that the Shire does not support retention of the sea containers and request removal within 45 days.

#### LEGAL IMPLICATIONS

Planning and Development Act 2005 - If an applicant is aggrieved by a Council determination there is a right of review by the State Administrative Tribunal in accordance with Part 14. An application must be made within 28 days of the determination.

#### Planning and Development (Local Planning Schemes) Regulations 2015 -

Clause 61(1)(d) only exempts outbuildings from the need for planning approval where no variation to the 'deemed to comply' provisions of the Residential Design Codes are proposed.

Clause 67 outlines 'matters to be considered by Council' including and not limited to the aims and provisions of the Scheme, orderly and proper planning, any approved state policy, the compatibility of the development with its setting including to development on adjoining land, amenity, loading, access, traffic and any submissions received on a proposal.

Shire of Shark Bay Local Planning Scheme No 4 – Explained in the body of this report.

#### POLICY IMPLICATIONS

The Residential Design Codes operate as a State Planning Policy. Revised Residential Design Codes became operative on the 2 July 2021.

There are no local policy implications.

#### FINANCIAL IMPLICATIONS

The Shire pays consultancy fees to Liz Bushby of Town Planning Innovations for planning advice.

#### STRATEGIC IMPLICATIONS

Any decision on this application may have implications for other lots in Fry Court in terms of the height and sizes of outbuildings.

Officer Recommendation

That Council:

- A. Note that the application for a Holiday House on Lot 40 (6) Sellenger Heights, Denham has been advertised for public comment and no submissions have been received.
- B. Approve the application seeking retrospective planning approval for the existing single house on Lot 40 (6) Sellenger Heights, Denham to be used as a Holiday House subject to the following conditions:
  - (i) This approval is valid for a maximum of 12 months from the date of this planning consent. Following the 12 month period this approval shall expire and become void.
  - (ii) This approval for a Holiday House is issued to Keith Bourke and Tracey Thompson-Bourke as the landowners of Lot 40 (6) Sellenger Heights, Denham. This approval shall not be transferred or assigned to any other person and shall not be transferred from the land in respect of which it was granted.  
Should there be a change of ownership of Lot 40 this approval is cancelled and expires.
  - (iii) The plans lodged with this application shall form part of this approval, with the exception of the car parking layout which shall be in accordance with Condition (iv).
  - (iv) Car parking areas with capacity to accommodate a minimum of 4 car parking bays are to be provided and maintained to a trafficable standard on site to the satisfaction of the Shire's Chief Executive Officer in accordance with the attached plan submitted with the application.
  - (v) All guest car parking shall be accommodated within the boundary of Lot 40 at all times.
  - (vi) The owner shall implement the measures in the Management Plan lodged and approved as part of this application.
  - (vii) The owner shall continue to engage a local property manager to manage the holiday house in accordance with the Management Plan approved as part of this application.  
If an alternative manager is engaged (other than the agent stated in the Management Plan), then a revised Management Plan is to be lodged for separate written approval by the Chief Executive Officer with revised contact details for the property manager.

27 OCTOBER 2021

- (viii) The owner shall keep and maintain a working fire extinguisher on the premises at all times in accordance with the Management Plan approved as part of this application, or any revised Management Plan approved separately in writing by the Chief Executive Officer.
  - (ix) An A3 laminated copy of each fire escape plan (for the ground floor and second storey) approved as part of this application shall be displayed in prominent places within the existing dwelling.
  - (x) The existing landscaping in front of the dwelling shall be retained and maintained.
  - (xi) No guest shall be accommodated for periods totalling more than 3 months in any 12 month period.
  - (xii) The maximum number of persons to be accommodated at any one shall be limited to 12.
  - (xiii) If any sign is installed to advertise or identify the holiday house it shall only be located within the lot boundary and the sign face shall not exceed an area of 0.2 square metres.
- C. Note that two options have been outlined in the body of this report in regards to the crossover standards to be applied and resolve to pursue:
- Option 1 – Vary the Policy requirement for a sealed, paved or concrete crossover;
- OR
- Option 2 - Include a condition (xiv) to require a formal constructed crossover as follows:
- (xiv) The owner to install and construct a new crossover within 4 months from the date of this planning consent or an alternative time period approved separately by the Shire Chief Executive Officer in writing. The crossover shall be constructed out of:
    - a. A 150 mm compacted and water bound road base driveway, sealed with two coat of bitumen and topped with an approved aggregate; or
    - b. A minimum of 100 mm reinforced concrete over a compacted sub-base; or
    - c. A minimum of 50 mm thick brick pavers.
- D. Resolve to include the following footnotes on the formal planning determination notice:
- Footnotes:
- (i) The Shire will maintain a holiday house register. Where a planning approval is issued Lot 40 will automatically be listed on the holiday house register until such time as the approval expires.

It is important to note that the Parliament of Western Australia, Economics and Industry Standing Committee released a report on its inquiry into short-term rentals on Thursday, 26 September 2019. The Committee Report is titled "*Levelling the Playing Field: managing the impact of the rapid increase of Short-Term Rentals in Western Australia.*"

The State Government has adopted a whole-of-Government approach to respond to the 10 enquiry recommendations.

An interagency working group has been established and the State Government is committed to ensuring that all short-term rental properties are registered and display a valid registration number.

When the State implements a registration scheme the Shire will be in a position to provide a holiday house register for State use.

27 OCTOBER 2021

- (ii) This initial approval is limited to a 12 month period in accordance with Clause 32.15.4 of the Shire of Shark Bay Local Planning Scheme No 4. The Shire has discretion to issue subsequent approvals for a Holiday house for terms of one year, 3 years or up to a maximum of 5 years.

#### BACKGROUND

- **Relevant Council decision: Local Planning Policy No 1 Holiday Houses in Residential Areas**

A Draft Policy was adopted for public advertising on the 19 December 2018. Advertising was delayed until after the holiday period.

Following advertising, a preliminary report on the Draft Local Planning Policy was referred to the Ordinary Meeting of Council held on the 27 November 2019.

Council resolved to '*Amend the Draft Policy to require any crossover on the Council verge to be constructed out of hardstand material but allow the driveway (and car parking) within the lot boundary to be any material as long as it is trafficable (eg compacted dirt, shell grit, blue metal, gravel, slabs etc).*'

The Policy was revised in accordance with the November 2019 Council resolution.

The Shire Council adopted Local Planning Policy No 1 (with modifications) at the meeting held in September 2020. Council also resolved to allow a 12 month transitional period for owners to comply with the Scheme, and apply for planning approval.

- **Relevant Council decision : Holiday Houses**

27 OCTOBER 2021

On the 28 July 2021, Council adopted the following resolution at it's Ordinary Meeting;

- "1. *Note that:*
- (a) *All new applications for any holiday house will be referred to Council for determination, and the initial approval period will be for 12 months.*
  - (b) *A flyer on Holiday Houses will be sent out with this year's Rate Notices to raise public awareness of the need for planning approval for Holiday Houses.*
  - (c) *Local Planning Policy No 1 : Holiday Houses in Residential Areas can be viewed on the Shire website.*
2. *Pursuant to Clause 82(1) and 82(2) of the Planning and Development (Local Planning Schemes) Regulations 2015 grant (by Absolute Majority) delegated authority to the Chief Executive Officer to determine any subsequent planning applications for renewal of an existing approval for any holiday house within Denham townsite.*
3. *Resolve to allow the 12 month transitional period to be between August 2021 and August 2022. "*

- **Location**

Lot 40 is located within a subdivision that was initially created by LandCorp and is known as 'Denham Estate'.

Development WA is now responsible for the sale of remaining lots within the estate.

There are specific Design Guidelines that are applied and implemented by the developer to guide the style of housing in this area.

A location plan is included below for ease of reference.

The lot is in close proximity to the beach and amenities available along Knight Terrace.

COMMENT

• ***Description of proposal***

The owners have advised that they have utilised the existing single house on Lot 40 as a holiday house since it was constructed in 2009, and the property is managed by Ray White Shark Bay.

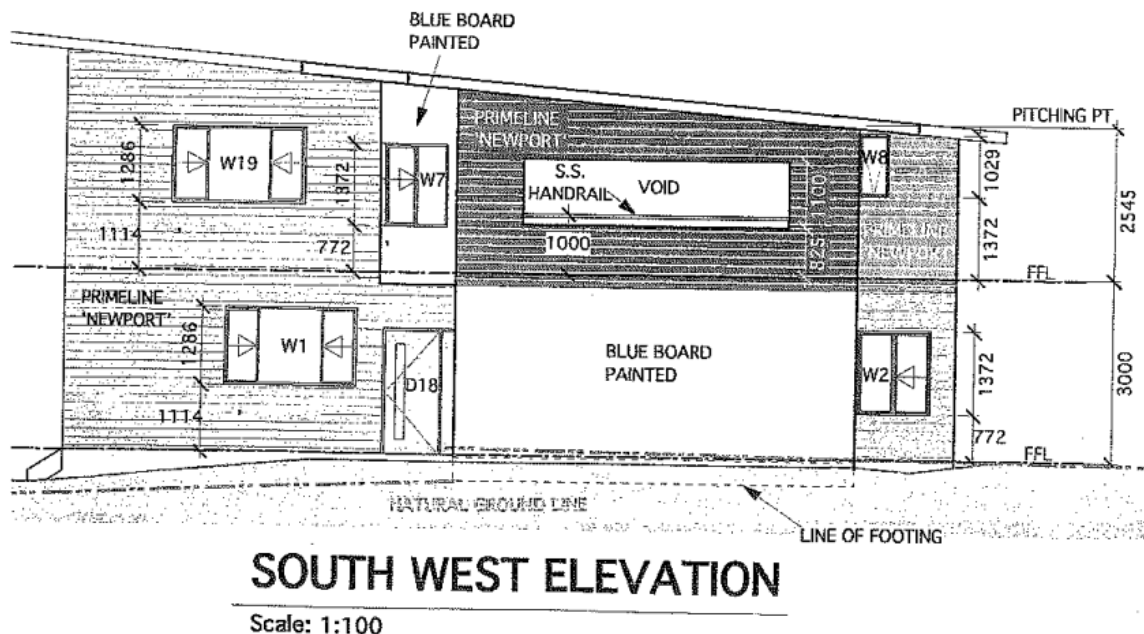

The application is summarised as follows:

- (i) The house will accommodate a maximum of 12 persons at any one time.
- (ii) The house has 6 bedrooms, 3 on the ground floor and 3 on the second floor.
- (iii) The front yard consists of river rock handstand and a site plan has been lodged showing 5 on site carparking bays.
- (iv) The owners intend to continue to use Ray White as the property manager. The property manager is responsible for all bookings, provision of information to guests, monitoring the property, ongoing maintenance, and dealing with any complaints.

The front elevation is included over page.

27 OCTOBER 2021

- Zoning and Proposed Land Use**

Lot 40 is zoned 'Residential' under the Shire of Shark Bay Local Planning Scheme No 4 (the Scheme).

Under the Scheme, Table 1 lists land uses in a table format with different symbols listed under different zones.

Each symbol has a different meaning and determines whether Council has discretion to consider a land use in the corresponding zone (ie if the land use is permitted, not permitted, discretionary or requires advertising).

Part of the planning assessment involves determining which land use definition from the Scheme 'best fits' the proposal.

The proposed land use is construed as a 'holiday house' which is defined in the Scheme as '*means a single dwelling on one lot used to provide short-term accommodation but does not include a bed and breakfast*'.

Under the Scheme, the term 'short term accommodation' means '*temporary accommodation provided either continuously or from time to time with no guest accommodated for periods totalling more than 3 months in any 12 month period.*'

The land use of 'holiday house' is listed in Table 1 of the Scheme as an 'D' use in the Residential zone which '*means that the use is not permitted unless the local government has exercised its discretion by granting development approval*'.

An extract of Table 1 is included overpage.

27 OCTOBER 2021

TABLE 1

USE AND DEVELOPMENT CLASS	Commercial	Tourism	Residential	Urban Development	General Industry	Rural	Special use
Holiday house	A	A	D		X	X	

This essentially means that Council has discretion to consider an application for a holiday house in the Residential zone.

- **Local Planning Policy No 1 : Holiday Houses**

The Local Planning Policy is relatively new and will be reviewed in the future.

It reflects the requirements of the Scheme provisions, and generally accords with the Western Australian Planning Commission Holiday House Guidelines which recommend that:

- (i) Holiday house registers be established;
- (ii) A Holiday house management plans should be lodged with applications;
- (iii) Display of a fire and emergency response plans;
- (iv) Provision of a fire extinguisher;
- (v) Limitations of initial approval periods.

A summary of the policy requirements and compliance is included below:

Policy Requirement	Comment
1. A site plan or good quality clear aerial showing the existing house, existing buildings, driveway, and guest parking areas. The location, number and dimensions of parking areas should be clearly marked on the plan.	The owners have lodged a detailed site plan showing access and carparking bays.
2. An internal floor plan showing the house layout, the use of each room, and number of double, single or bunk beds per room (including fold out couches).	The owners have lodged detailed floor plans showing 6 bedrooms.
3. Carparking to be provided at a rate of 1 space every 3 guests.	<p>Four carparking bays are required.</p> <p>The owners have shown 5 bays on their site plan, however a site inspection revealed one bay is not practical due to a row of bougainvillea in front of the garage.</p> <p>The owners can provide 4 carparking bays, and there is additional room for on site carparking to the side of the house.</p>

27 OCTOBER 2021

<p>4. A Management Plan that addresses how the land use will be managed on a day to day basis to maximise protection of residential amenity, including details of how noise issues will be addressed by the Manager (handling of complaints), and full contact details of the Manager or employee of the Manager.</p>	<p>The Policy includes an example Management Plan that can be used as a base.</p> <p>Ray White have prepared a Management Plan in consultation with Town Planning Innovations and the owners that details their role as property manager, responsibilities, booking procedures, and procedures for complaints. The plan also outlines some of the owners responsibilities.</p> <p>The Management Plan is included as Attachment 1.</p>
<p>5. A Fire and Emergency Response Plan that includes detailed fire escape route maps, provision of a fire extinguisher and emergency contact numbers.</p>	<p>The Policy includes an example Fire and Emergency Response Plan template that can be modified by owners to suit their premises.</p> <p>The owners have lodged detailed floor plans that show the location of smoke detectors, a fire extinguisher, fire blanket, outdoor hose, escape routes and assembly point at the front of the lot.</p> <p>The fire escape route plans can be displayed in the dwelling.</p>

There are two subjective aspects of the Policy that are highlighted for Councillor discussion:

#### **(A) Landscaping**

The Policy states that where landscaping forms part of the character of an existing streetscape then holiday houses should also include landscaping to blend in and contribute to the existing streetscape.

The Policy also states that *'extensive hardstand and gravel areas should be avoided unless it is consistent with the character already established in the existing streetscape'*.

Town Planning Innovations has liaised with the Manager of Works in regards to the existing streetscape, and landscaping in the area is relatively minimalistic.

Based on the information available, the front yard of the holiday house on Lot 40 is consistent with the existing streetscape, therefore no additional landscaping is recommended by Town Planning Innovations.

Council can impose a condition requiring additional landscaping to be installed if it forms a view that other nearby dwellings have more substantial landscaping, and that additional landscaping would better fit in with the existing streetscape.

#### **(B) Crossover**

The Policy requires that all crossovers that relate to Holiday Houses shall be sealed, paved or concreted to comply with the construction specifications in the Shire's Crossover Policy.

27 OCTOBER 2021

The Shires crossover policy requires a standard sealed or paved crossing comprising of either -

1. A 150 mm compacted and water bound road base driveway, sealed with two coat of bitumen and topped with an approved aggregate; or
2. A minimum of 100 mm reinforced concrete over a compacted sub-base; or
3. A minimum of 50 mm thick brick pavers.

The crossover is the section of verge in front of a lot that is used for vehicular access.

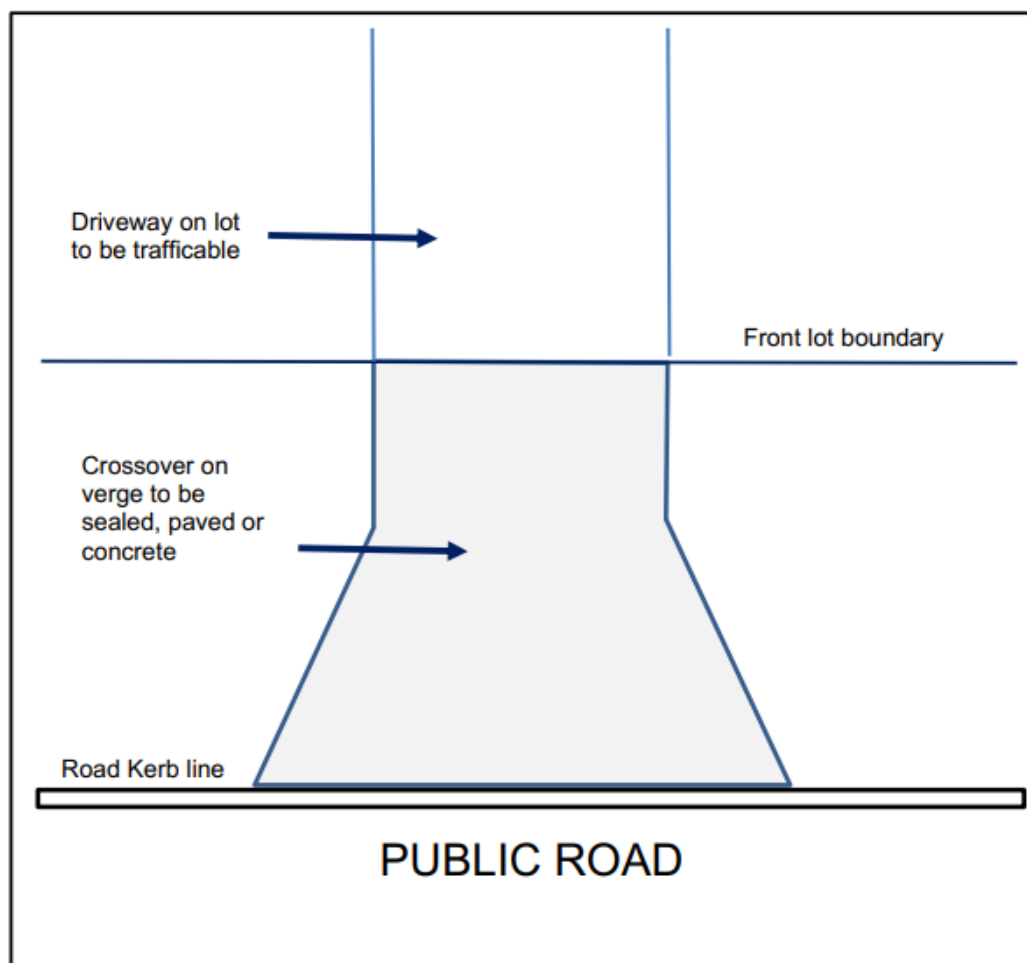

Figure 1

Council has two options in regards to the crossover:

- **Option 1 – Vary the Policy requirement for a sealed, paved or concrete crossover**

A Local Planning Policy provides guidance for decision making, however elements of the Policy can be varied by Council based on the individual merits of a proposal.

The entire front yard of Lot 40 consists of trafficable material. This is consistent with the Policy which allows for a driveway (and car parking) within the lot boundary to be

27 OCTOBER 2021

made of any material as long as it is trafficable (eg compacted dirt, shell grit, blue metal, gravel, slabs etc)

In this case, a formal crossover may not have any significant benefit as it will introduce a new hard material that could appear out of place visually.

- **Option 2 – Impose a condition to require a sealed, paved or concrete crossover**

Town Planning Innovations is of the understanding that when the Holiday House Policy was developed, there was significant discussion about the standards that should be applied.

Over the past few years the Shire has been trying to raise standards and require new developments to install formal crossovers, both within residential areas and the industrial area, as a condition of planning approval.

Owners can claim reimbursement from the Shire for part of the crossover cost.

If Council seeks to uphold the Policy requirement a condition can be imposed to require installation of a sealed crossover. Town Planning Innovations is of the view, however, that one is not physically necessary for this lot. There is no clear physical distinction between the verge, driveway, crossover or front yard.

- ***Relevant State Planning Policies and Guidelines –Bushfire Prone Areas***

Under the 'deemed provisions' of the *Planning and Development (Local Planning Schemes) Regulations 2015* Council is to have 'due regard' to any state planning policy. This essentially means Council has an obligation to give proper, genuine and realistic consideration to the requirements of 'State Planning Policy 3.7: Planning in Bushfire Prone Areas'.

27 OCTOBER 2021

The Shire has a mandatory obligation to consider State Planning Policy 3.7 when making a decision on any application where the lot is within a designated bushfire prone area.

The Western Australian Planning Commission released State Planning Policy 3.7 and associated Guidelines for Planning in Bushfire Prone Areas ('the Guidelines') in December 2015. These documents apply to all land identified as Bushfire Prone.

Mapping identifying Bushfire Prone Areas is available through the Department of Fire and Emergency Services website. Lot 40 is within the declared bushfire prone area (pink area).

The Policy generically requires a Bushfire Attack level Assessment be lodged with any planning application. The Western Australian Planning Commission 'Position Statement on Tourism land uses in bushfire prone areas' recommends that a simplified Emergency Evacuation Plan be provided for holiday houses.

Town Planning Innovations is of the view that bushfire management is not an impediment to the proposed land use as:

- (a) The dwelling has already been constructed and the bushfire risk will not be increased;
- (b) The owner has addressed fire safety by preparing a fire escape plan and provision of a fire extinguisher in accordance with the Shires Local Planning Policy No 1;
- (c) The Western Australian Planning Commission Planning Bulletin No 111/2016 clarifies Council has discretion over this matter and states that '*Exemptions*

27 OCTOBER 2021

*from the requirements of State Planning Policy 3.7 and the deemed provisions should be applied pragmatically by the decision maker.'*

LEGAL IMPLICATIONS

*Planning and Development (Local Planning Schemes) Regulations 2015 –*

Clause 3 and 4 under Part 2, Schedule 2 of the Deemed Provisions contained in the Regulations sets out the power for local governments to make a local planning policy and the procedure for making a local planning policy.

The Deemed Provisions contained in the Regulations also outlines procedures for amending a Local Planning Policy, or revocation of any Local Planning Policy.

Regulation 67 of the deemed provisions outlines '*matters to be considered by Council*' including but not limited to orderly and proper planning, the compatibility of the development with it's setting including the relationship to development on adjoining land, the amenity of the locality, the adequacy of proposed means of access to and from the site, the amount of traffic to be generated by the development, and any submission received.

Under the Regulations the Shire cannot consider '*potential loss that may result from economic competition between new and existing businesses*'.

*Shire of Shark Bay Local Planning Scheme No 4* – There are specific provisions that apply to Holiday Houses in Residential zones under Clause 32.15 as follows:

- 32.15.1 The local government may permit a Holiday house within the Residential zone where, in its opinion, the use would not substantially spoil or detract from the residential character and amenity of the locality.
- 32.15.2 The local government shall not consider an application for development approval for a Holiday house unless it is accompanied by:
  - (a) A Management Plan that addresses how the land use will be managed to maximize protection of residential amenity, includes details of how noise issues will be addressed by the Manager, and full contact details of the Manager or employee of the Manager.
  - (b) A Fire and Emergency Response Plan that includes detailed fire escape route maps and addresses the provision of safety features including hard wired smoke detectors, provision of a fire extinguisher and emergency contact numbers.
  - (c) A detailed site plan which demonstrates adequate carparking can be provided on site.
- 32.15.3 The local government may have regard for the following matters when determining an application for development approval for a Holiday house:
  - (a) A Management Plan adequately demonstrates that the land use will be managed as to ensure that it will not cause nuisance or annoyance to the owners of adjoining or nearby residential properties;

27 OCTOBER 2021

- (b) A manager, caretaker or a contactable employee of the Manager permanently resides in Denham townsite or within one hours drive of Denham townsite;
  - (c) A Fire and Emergency Response Plan comprehensively addresses fire safety;
  - (d) The proximity of the lot to Denham townsite, the beach and/or any significant tourist attraction;
  - (e) The need to encourage holiday house's close to the Denham Town Centre and discourage these uses within established residential areas distanced from the Denham Town Centre;
  - (f) The size of the lot and density of development in the surrounding area;
  - (g) The potential for increased impact where adjacent land has been developed for grouped dwellings or there are small lots with dwellings in close proximity to each other;
  - (h) The potential for occupiers to have different behaviours and routines and the need to protect residents in suburban locations with daily work routines; and
  - (i) The location of active outdoor areas and their relationship to sensitive bedrooms within surrounding dwellings in a suburban environment.
- 32.15.4 The local government shall limit any initial development approval for a Holiday house to a maximum 12 month period.
- 32.15.5 The local government may issue subsequent Development approvals for a Holiday house and has discretion to limit the term of approval to one year, 3 years or up to a maximum of 5 years as deemed appropriate by the local government.
- 32.15.6 The local government may have regard for any substantiated written complaint or evidence about mismanagement of a Holiday house in considering the issue of subsequent Development approvals.
- 32.15.7 Advertising signage associated with a Holiday house shall have a maximum area of 0.2m<sup>2</sup> and be fully located within the lot boundary.
- 32.15.8 A Holiday house is to comply with the Residential Design Codes and/ or any existing Planning consent already granted for the dwelling or variation to the Residential Design Codes with the exception that Council has discretion to require a higher provision of carparking for any Holiday house having regard for the number of bedrooms and maximum number of persons to be accommodated at any one time.
- 32.15.9 Development approvals can be renewed when an owner/ applicant lodges a new Planning Application to the local government.
- 32.15.10 A development approval for a Holiday house is issued to a specific owner of a particular parcel of land, it shall not be transferred or assigned to any other person, and shall not be transferred from the land in respect of which it was granted.

27 OCTOBER 2021

Should there be a change of the owner of the land in respect of which planning consent is issued the planning consent is cancelled.

32.15.11 A Holiday house shall not operate within the Residential zone unless it is registered in respect of the lot under Clause 32.15.12.

The Scheme also requires Holiday Houses to be registered. The Shire needs to establish a Holiday House Register and properties will be included as soon as any planning approval is issued.

#### POLICY IMPLICATIONS

Explained in the body of this report. A copy of the Local Planning Policy is included as Attachment 2.

Although not a local planning policy, Council should note that the Western Australian Planning Commission publish:

## **SHIRE OF SHARK BAY LOCAL PLANNING POLICY NO 1 – HOLIDAY HOUSES IN RESIDENTIAL AREA'S**

### **1.0 WHAT IS A HOLIDAY HOUSE?**

A holiday house is defined in the Shire of Shark Bay Local Planning Scheme No 4 as '*means a single dwelling on one lot used to provide short-term accommodation but does not include a bed and breakfast*'.

In other words it is a house that is rented out for short periods, such as to people on holidays.

It does not include a private home that is used exclusively by the owners for their own holidays.

Under the Scheme, the term 'short term accommodation' means '*temporary accommodation provided either continuously or from time to time with no guest accommodated for periods totalling more than 3 months in any 12 month period.*'

### **2.0 OBJECTIVES**

Holiday houses are an important aspect of the tourism industry in the Shire of Shark Bay and many have been established over a long time period in the Denham townsite.

The objectives of this Local Planning Policy are:

- 1.1.1 To establish clear guidelines for the short stay use of holiday houses for tourism accommodation and provide guidance on the planning application requirements.
- 1.1.2 To ensure that short stay use of residential houses occurs within appropriate locations and are managed to mitigate land use conflicts such as impacts on residential amenity.
- 1.1.3 To ensure that all new holiday houses are registered with the Shire in accordance with relevant legislation, and are appropriately managed and maintained to be compatible with the amenity of the locality.

### **3.0 SHIRE OF SHARK BAY LOCAL PLANNING SCHEME NO 4**

The Shire may permit a Holiday House within the Residential zone where, in its opinion, the use would not substantially spoil or detract from the residential character and amenity of the locality.

Planning approval for all holiday houses needs to be obtained from the Shire.

# MINUTES OF THE ORDINARY COUNCIL MEETING

27 OCTOBER 2021

## 4.0 PLANNING APPLICATION REQUIREMENTS

The following information needs to be lodged to apply to the Shire:

Applicant Checklist	Documents for Lodgement
	1. A planning application form signed by the owner of the land – <i>Attachment 1</i> .
	2. A site plan or good quality clear aerial showing the existing house, existing buildings, driveway, and guest parking areas. The location, number and dimensions of parking areas should be clearly marked on the plan.
	3. An internal floor plan showing the house layout, the use of each room, and number of double, single or bunk beds per room (including fold out couches).
	4. A detailed letter / written submission that explains: <ul style="list-style-type: none"> <li>- The maximum number of persons that the dwelling will accommodate at any one time;</li> <li>- Maximum length of stay for guests;</li> <li>- Maintenance and cleaning arrangements;</li> <li>- Photographs of parking areas and photographs of the internal house layout.</li> <li>- If the lot is connected to sewer.</li> <li>- If the lot is not connected to sewer information on the location and size of effluent disposal will need to be provided (refer Section 5.6).</li> </ul>
	5. A Management Plan that addresses how the land use will be managed on a day to day basis to maximise protection of residential amenity, including details of how noise issues will be addressed by the Manager (handling of complaints), and full contact details of the Manager or employee of the Manager.  An example Management Plan template is included as <i>Attachment 2</i> .
	6. A Fire and Emergency Response Plan that includes detailed fire escape route maps, provision of a fire extinguisher and emergency contact numbers.  An example Fire and Emergency Response Plan template is included as <i>Attachment 3</i> .
	7. Payment of a planning application fee on lodgement of the planning application. The Shire's annual fees and charges can be viewed on the website – <a href="http://www.sharkbay.wa.gov.au">www.sharkbay.wa.gov.au</a> (Council/Public Documents/Fees and charges).

**5.0 POLICY REQUIREMENTS**

**5.1 LOCAL MANAGEMENT**

This Policy requires that there be local management of the day-to-day operations of any holiday house.

There needs to be a manager, caretaker or a contactable employee of the Manager that permanently resides in Denham townsite or within one hours drive of Denham townsite.

A local manager needs to be available to immediately respond to any matters raised by either guests, neighbours, local government or emergency services at all times the holiday house is occupied.

The contact details of the local manager are to be provided to holiday house guests and be displayed in a prominent location within the holiday house together with other relevant information required by this Policy.

The particulars and contact details of the local manager are to be provided to the local government at the time of application (as part of the Management Plan) and upon each renewal.

The Shire of Shark Bay may provide these details to third parties, including neighbouring residents and/or emergency services.

The holiday house permit holder may nominate themselves as the local manager only where they reside within 1 hours travel time of the holiday house.

In the event of a change in the local management of a holiday house, the Shire of Shark Bay is to be notified of the change immediately in writing.

**5.2 CAR PARKING AND ACCESS**

Car parking is to be provided at a rate of one (1) space per three (3) guests, or part thereof, with a minimum of two (2) spaces.

Council may allow a single bedroom holiday house to be serviced by one car parking bay, where the number of guests are limited.

Car parking space dimensions and layout are to be generally in accordance with the Australian Standard 2890.1 (as amended).

All crossovers that relate to Holiday Houses shall be sealed, paved or concreted to comply with the construction specifications in the Shire's Crossover Policy – refer *Attachment 4*. A crossover is the part of the driveway from the kerb line to the front property line. It connects your property to the edge of the road – refer *Figure 1*.

27 OCTOBER 2021

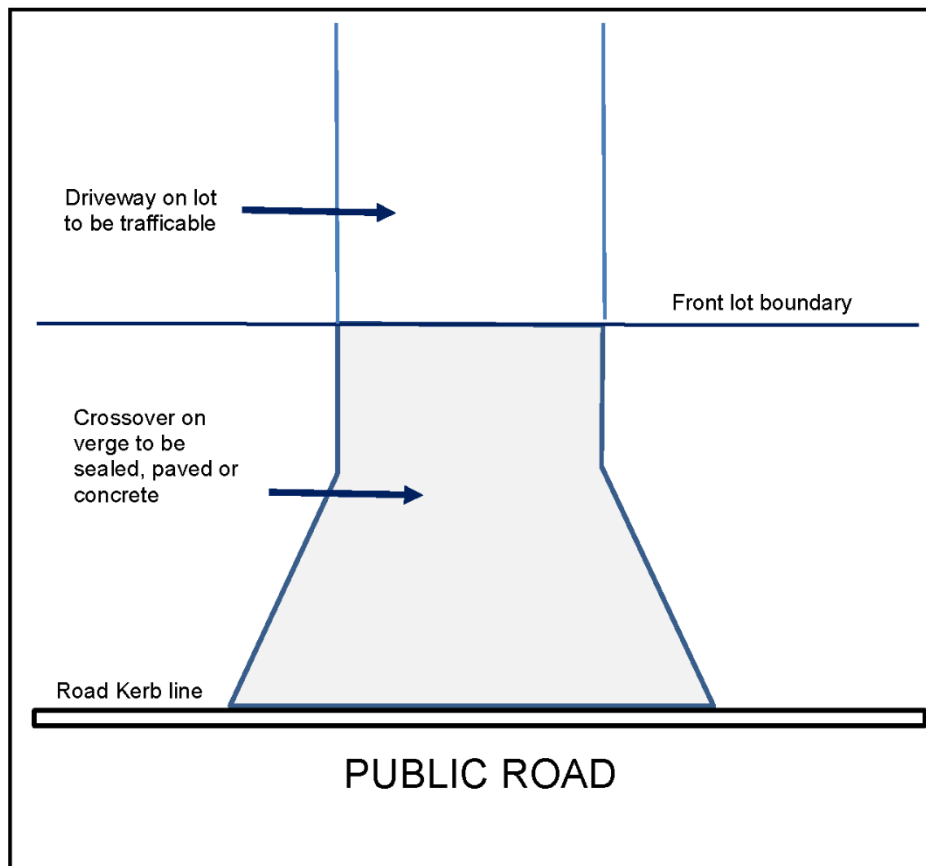

Figure 1

A driveway (and car parking) within the lot boundary can be any material as long as it is trafficable (eg compacted dirt, shell grit, blue metal, gravel, slabs etc).

### 5.3 FIRE AND EMERGENCY PLAN

Applicants shall lodge a Fire and Emergency Plan with their planning application, as outlined in Section 4.0 of this Policy. The Fire and Emergency Response Plan should include a fire escape route map, emergency contact details, cyclone information, provision and location of a fire extinguisher or fire blanket, and full contact details of the property manager.

To maximise the safety of guests, this Policy requires all holiday houses to:

1. Include a working fire extinguisher on site at all times;
2. Display a Fire and Emergency Plan in a prominent place within the holiday house, and a laminated fire escape route map on a prominent wall/ vertical surface in the holiday house.
3. Have an outdoor hose.

Although not mandatory applicants may consider additional mitigation measures such as keeping fire blankets on site.

Owners/ applicants need to be aware that hardwired smoke alarms may be required at the separate building process / certificate stage.

### 5.4 LANDSCAPING

Where landscaping forms part of the character of an existing streetscape then holiday houses should also include landscaping to blend in and contribute to the existing streetscape.

The Shire supports the use of water wise species and requires any garden beds to have a minimum width of 1 metre, unless proposed between a driveway and side lot boundary.

If existing or proposed landscaping is considered insufficient, the Shire may require lodgement of a detailed landscaping plan with any planning application, or as a condition of any approval. Conditions may be imposed on any approval or renewal to require landscaping to be upgraded and maintained.

Extensive hardstand and gravel areas without any landscaping should be avoided unless it is consistent with the character already established in an existing streetscape.

The Shire encourages holiday houses to aim to have a positive impact towards residential streetscapes.

### 5.5 ADVERTISING SIGNS

Advertising signage associated with a Holiday house shall have a maximum area of 0.2m<sup>2</sup> and be fully located within the lot boundary. Advertising signs are not compulsory however if a sign is proposed, owners are encouraged to include the managers contact details on signage.

### 5.6 TEMPLATES / ATTACHMENTS

This Policy includes example templates for ease of convenience of applicants. The templates are an example only and can be modified and tailored by applicants to best suit the proposed management and operation of each holiday house.

## MINUTES OF THE ORDINARY COUNCIL MEETING

27 OCTOBER 2021

The templates are provided to assist explain the type of information and matters that need to be examined and addressed by applicants.

This Policy includes the following attachments:

Attachment 5	Frequently Asked Questions	No

### 6.0 GENERAL INFORMATION

Part 6 does not form part of the Policy requirements and is general information.

#### 6.1 PLANNING APPLICATION PROCESS

All documents and fees are lodged with the Shire of Shark Bay. The Shire refers applications to an external planning consultant for initial preliminary assessment and processing.

All applications are advertised to surrounding and nearby landowners for 14 days, including owners of any vacant lots in the area.

Once consultation has been completed, a report on the application will be referred to Council for determination. Council meetings are held monthly and the dates are published on the Shires website – [www.sharkbay.wa.gov.au](http://www.sharkbay.wa.gov.au)

Applications are advertised before a report is prepared for Council. It is therefore not guaranteed that an application will be referred to Council in the same month that it is lodged.

#### 6.2 WHAT THE SHIRE ASSESSES

Under Clause 32.15.3 of the Scheme, Council may have regard for the following matters when determining an application for planning approval for a Holiday House:

- (a) A Management Plan adequately demonstrates that the landuse will be managed as to ensure that it will not cause nuisance or annoyance to the owners of adjoining or nearby residential properties;
- (b) A manager, caretaker or a contactable employee of the Manager permanently resides in Denham townsite or within one hours drive of Denham townsite;
- (c) A Fire and Emergency Response Plan comprehensively addresses fire safety;
- (d) The proximity of the lot to Denham townsite, the beach and/or any significant tourist attraction;

27 OCTOBER 2021

- (e) The desirability to encourage holiday house's close to the Denham Town Centre;
- (f) The size of the lot and density of development in the surrounding area;
- (g) The potential for increased impact where adjacent land has been developed for grouped dwellings or there are small lots with dwellings in close proximity to each other;
- (h) The potential for occupiers to have different behaviours and routines and the need to protect residents in suburban locations with daily work routines;
- (i) The location of active outdoor areas and their relationship to sensitive bedrooms within surrounding dwellings in a suburban environment;
- (j) The provision of hard wired smoke alarms, fire blankets and fire extinguisher.
- (k) Where the lot is not connected to sewer, the adequacy of on site effluent disposal for the proposed number of guests.

### **6.3 TERMS OF APPROVAL**

The approval period for successful applications will be limited to 12 months initially.

Council has discretion to issue renewal applications for periods of one year, 3 years or up to a maximum of 5 years as deemed appropriate.

Planning approval for a Holiday House is issued to a specific owner of a particular parcel of land, it shall not be transferred or assigned to any other person, and shall not be transferred from the land in respect of which it was granted.

Should there be a change of the owner of the land in respect of which planning consent is issued the planning consent is cancelled. Any new owner can lodge a new planning application to the Shire for consideration.

### **6.4 HOLIDAY HOUSE REGISTER**

All holiday houses must be listed on a Shire Register to be comply with the Scheme. The Shire will maintain a Holiday House register based on planning applications that are approved by Council.

The Shire will automatically enter the address and details of a Holiday House onto the Register when a formal planning approval is issued.

The Register will be available for viewing at the Shire Office.

### **6.5 ENVIRONMENTAL HEALTH REQUIREMENTS**

All holiday houses are to be connected to sewerage or an approved on-site effluent disposal system.

Applicants will need to provide information on effluent disposal as part of the planning application. If a holiday house is proposed on a lot that is not connected to deep sewer then the applicant will need to provide the Shire with information on the location and size of the existing effluent disposal system. The onus is on the applicant to demonstrate that the system

is adequate for the number of occupants, and the size of the system may need to be calculated by a licenced plumber.

If a system needs to be upgraded or replaced then a separate 'Application to construct or install an apparatus for the treatment of sewerage' needs to be lodged to the Shire of Shark Bay, and will be processed by the Shire's Environmental Health Officer. Any upgrading of the system required to cater for the proposed maximum number of guests may be required as a condition of any approval.

The application may need to be forwarded to the Health Department of WA for approval, depending on the maximum daily volume of wastewater estimated at full occupancy.

Where the maximum number of guests for a holiday house is six (6) or more, annual inspection and a Lodging House approval under the Health Act (Miscellaneous Provisions) 1911, will be required in addition to any planning approval.

Additional health requirements to operate as a 'Lodging House' may be imposed over and above the provisions of this Policy.

#### **6.6 BUILDING REQUIREMENTS**

If the building was approved as a dwelling then that falls under the building classification of Class 1a. A separate building permit or certificate can be required for any permanent change of a building's use or classification.

A holiday house that has been granted planning approval by the Shire should not be occupied until the appropriate building certificate / approval has been obtained. Owners will need to liaise with a private building certifier to ensure buildings comply prior to occupation.

The building certifier will determine which building classification applies and the need for any separate building permit or building certificate.

**CROSSOVER POLICY EXTRACT**

**Vehicle Crossovers - Policy Manual Division 2.1 Crossings**

1. A standard crossing as referred to by the Regulation 15 of the Uniform Local Provisions Regulations comprises either:

- A 150 mm compacted and water bound road base driveway, sealed with two coat of bitumen and topped with an approved aggregate.
- A minimum of 100 mm reinforced concrete over a compacted sub-base.
- A minimum of 50 mm thick brick pavers, or
- other as approved by Council

from kerb to the front boundary line and tied in or made contiguous with abutting structures (kerbs, footpaths and driveways).

2. The minimum width of the standard crossing shall be 3.0 metres for residences, 4.0 metres for commercial, 6.0 metres for light industrial, 6.0 metres for heavy industrial and 7.5 metres for service stations each with a 1.5 metre radius 'fishtail' onto the kerb line.
3. The gradient shall be positive 2% for the first 1.5 metres from the kerb line.
4. The Shire of Shark Bay will contribute to one crossing per property only.
5. Where the ratepayer elects to construct a crossover, the Council's contribution shall not exceed 50% of the cost of the crossover as defined in paragraphs (1) and (2) and in Council's Fees and Charges Schedule. The square metres calculated shall be the length (from the road kerb to the property line) multiplied by the nominal width. The ratepayer must produce documents stating the full cost of the crossing.

For further information on crossovers, their construction, or eligibility for a subsidy, please contact the Works Manager, Brian Galvin on 0428 178 501.

**ATTACHMENT 5**

**FREQUENTLY ASKED QUESTIONS**

*A. Why do I need planning approval to rent out my own house to tourists or visitors?*

The Western Australian Planning Commission (WAPC) is the state planning authority. The WAPC has guidelines on holiday houses which recognise that this landuse is different to a single house.

Planning approval for holiday houses is required under the Shire of Shark Bay Local Planning Scheme No 4.

*B. Can I write my own Management Plan and Fire and Emergency Response Plan?*

Owners or applicants can write their own plans. The plans need to be well thought out and clearly written.

An example format is included as *Attachment 2*.

*C. Can I sell my house as a Holiday House?*

No. Planning approvals are issued specifically to a person and a land parcel. Any new owner would have to lodge a fresh application to seek planning approval for a Holiday House.

*D. What happens if I have a Holiday House and I do not apply for planning approval?*

Any Holiday House that continues to operate without planning approval would do so in breach of the Shire of Shark Bay Local Planning Scheme No 4. Any proven breach of the Scheme is an offence.

The Shire can seek to prosecute any owner of an unauthorised Holiday House. Any successful prosecution will result in owners being fined.

*E. What if I have a house in Commercial or Tourism zone? Can I apply to use it as a Holiday House?*

Yes you can lodge a planning application to the Shire of Shark Bay. The Shire will take into consideration matters such as the objectives of the zone, adjacent land uses, potential for land use conflict with other commercial uses, noise, parking and traffic.

*F. What if my house has been used for a Holiday House for years – do I still need approval?*

Over the past decade a growing number of holiday houses have been made commercially available in Denham, and many have operated without planning approval. Since the introduction of a new Planning Scheme No 4, the Shire wants to educate key stakeholders on the requirements, and encourage owners / operators to apply for the necessary approval.

Any existing Holiday House needs planning approval. You do not have to apply if you have record of an existing planning approval issued by the Shire under the previous Shire of Shark Bay Local Planning Scheme No 3.

- G. *Do I have to use the Management Plan and Fire and Emergency Response Plan attached to the Shires Policy?*

The Management Plan and Fire and Emergency Response Plans that are attached to the Policy are only examples. Applicants can develop their own plans or use the templates as a base and tailor them to suit their needs.

**That a licence to occupy an area of 7000 square metres of the Reserve 49809 - Common as depicted on the application submitted by Mr H Van Eek be granted for a period of five (5) years expiring on 31 October 2026 on the following conditions:**

- 1. Ongoing compliance with the guidelines of the Shire's Management Statement for Reserve 49809 - Common.**
- 2. The allocated area being suitably fenced and maintained to ensure stock is contained within the approved area.**
- 3. The approval of the Department of Planning, Lands and Heritage is granted.**

**6/0 CARRIED**

Cr Smith returned to the Council Chamber at 4.33 pm.

**Background**

The Shire of Shark Bay has a Management Order on Reserve 49809 which has a current purpose classified as Common. The area of the reserve is 1,139.223 hectares.

The management order authorises Council to issue licenses for designated area for a maximum period of 5 years with the approval of the Minister. The Council also has a

27 OCTOBER 2021

management statement for the occupation of the common that applies to the license holders. The licence allows for an applicant to apply for a term of up to five (5) years.

The following licences have been issued by Council and approved by the Minister for use of the common:

Mr H Hoult & Mr G Desmond

Licence number: 2/2020

Licence issued 1 May 2020 and expires 30 April 2025

Area 101 ha

Stock – 4 horses and up to 300 Goats

Cr M Smith

Licence number 1/2020

Licence issued 1 April 2020 and expires 31 March 2025

Area 8 ha

Stock – 8 Camels

Denham Dirt Kart Association

Licence number 1/2019

Licence issued 1 September 2019 and expires 31 August 2024

Area 2.9 ha

All users must be registered members of the Denham Dirt Kart Association.

All conditions have been complied with, including the fencing of the area allocated.

Comment

A request for an area of the Reserve 49809 - Common has been submitted by Mr H Van Eek (attached).

Mr Van Eek was originally approved by Council in July 2010 to occupy an area of the common. Mr Van Eek was then issued with another licence to occupy

The area applied for is 7000 m<sup>2</sup>. The conditions of licence required the approved area to be suitably fenced to contain the applicants stock. Mr Van Eek has fenced the area.

Mr Van Eek's practise has been to contain his stock in the licenced area and walk the animals through the Council reserve whilst under his direct control.

This is in line with the overall use of the reserve by the general public and does not interfere with the other users of the reserve while the animals are under the care and control of the owner with the owner present.

This area occupied has been verified by the administration and is adequately fenced and maintained to contain his stock in accordance with Council's Management Statement. The location of the area allocated on Reserve 49809 is indicated in red on the attached map titled – Map occupied areas and is Lease # 002/2015.

27 OCTOBER 2021

There have been no reported incidences of non-compliance or complaints by other occupiers of the reserve in regards to Mr Van Eek's occupation of Reserve 49809.

Legal Implications

The Council has a Management Order for Reserve 49809 in accordance with the Land Administration Act. The management order enables Council to issue licences for a term not exceeding five years with the final approval of the Minister for areas of the reserve.

Mr Van Eek has supplied a Certificate of Currency for Insurance purposes.

Policy Implications

There are no policy implications applicable to this report.

Financial Implications

In accordance with Council resolution an annual fee will apply as set in Council's 2021/2022 annual budget.

Strategic Implications

There are no Strategic Implications associated with this item.

Risk Management

It has been assessed that there is a minimal risk associated with this application.
